CONFIDENTIALITY AND ACCESS OF STUDENT RECORDS

Student records are released only for use by faculty and professional staff for authorized academic-related purposes. The release of student records for off-campus use occurs only with a student's knowledge and consent, or when required by law.

A student's record is open for inspection by the student's parents or guardians. New Mexico Military Institute considers all students as "dependent" as defined by Internal Revenue Code of 1954, Section 152. Proof of "independent" status must be presented to the Registrar prior to the start of the third academic week.

The Registrar is the custodian of the student's academic record. A student's academic record may include application for admission information, residency certificate, immunization certificate, date of school entry, student schedules and schedule changes, academic work completed, standardized achievement test scores, transcripts from previous schools attended, and various Veteran's Administration forms.

Public information which may be released upon request includes a student's name, local address, telephone number, date and place of birth, major, dates of attendance, height, weight, scholastic and or athletic achievement, degree (if any), and date of graduation. If a student does not wish for this public information to be released, he must so notify the Registrar during the first two weeks of classes in each semester.

EQUAL OPPORTUNITY POLICY

NMMI is open to all persons regardless of race, color, religion, sex, or national origin who are otherwise eligible for admission as students. The college is an Equal Opportunity Employer and no applicant or employee will be discriminated against because of race, color, religion, sex, or national origin concerning employment or during the course of employment at this institute.

NOTICE OF CHANGE

The New Mexico Military Institute Board of Regents reserves the right to change or withdraw, without notice, courses, curricula, policies, tuition, fees, or any other matter contained in this catalog. Such changes are recorded in the Registrar's Office.

SUPERINTENDENT'S MESSAGE

The mission of New Mexico Military Institute, as a state-supported school, is to provide the citizens of the State of New Mexico and the nation a college preparatory program in the high school and a college transfer program in the junior college in the disciplined environment of the Corps of Cadets. Further, the Institute provides instruction to the cadets for the development of leadership, character, integrity, self-esteem, and physical well-being. The Reserve Officer Training Corps (ROTC) program is mandatory for all cadets, and the junior college contract cadet has the opportunity to acquire an Army commission in two years.

The curricula of both college and high school are based on the assumption that New Mexico Military Institute students plan to continue their education and graduate from a senior college or university. The Institute faculty and staff continually strive to provide the very best instruction and the very finest facilities in order to create an atmosphere that is intellectually inspiring.

A handwritten signature in black ink, reading "Winfield W. Scott, Jr." The signature is written in a cursive, flowing style.

WINFIELD W. SCOTT, JR.
Lieutenant General, USAF, Ret.
Superintendent

NMMI MISSION STATEMENT

The mission of New Mexico Military Institute is to offer a quality education in a military environment. This education includes the continuing development of the finest college preparatory high school and university-parallel junior college academic programs, leadership training, physical development and encouragement of spiritual growth. The centerpiece of this educational program is the Honor Code. This educational process develops young people of sound moral character, intellectual curiosity, aesthetic appreciation, and physical fitness, so they become useful, successful, and sensitive leaders of tomorrow.

Addendum

The purpose of NMMI is to assist young men and women to become knowledgeable, thinking, and responsible citizens of their community, nation, and world. Our educational program is based on rigorous instruction in basic and advanced skills, preparing the cadet for further study in the arts, sciences and engineering. We believe that to be effective, the educational process must be reinforced by order, structure and discipline, and we feel that the worth, potential, and integrity of the individual must be promoted in every area of school life. For our students to mature spiritually, socially, emotionally, and physically, as well as intellectually, we must seek to achieve our goals within a healthy, wholesome environment, in which character and honesty form the foundation of our educational program. The Honor Code is the cornerstone of all activities at New Mexico Military Institute and is the most important learning experience cadets take with them when they graduate.

Approved on
17 November 1993

BOARD OF REGENTS POLICY STATEMENT

New Mexico Military Institute is primarily an academic institution operating within the framework of a military environment.

The junior college is primarily designed to prepare students for transfer to four-year colleges and universities. An Associate in Arts degree is awarded to qualified graduates.

The high school curriculum is basically for those students planning to pursue a college course of study after graduation.

Members of the staff and faculty are selected for their professional qualifications and their willingness to work in a program that is both academic and military.

Every effort is made to instill integrity through an honor system and to develop individual responsibility.

Students are both instructed in and offered opportunities to practice the principles and techniques of good leadership. Only students in full residence may be members of the Corps of Cadets.

Cadets at New Mexico Military Institute are encouraged to attend non-denominational or Catholic chapel. Chapel services are conducted at the Institute at such times as to permit and encourage cadets to attend other church services of their choice in Roswell.

All full-time students are required to be unmarried resident members of the Corps of Cadets, to participate in military science and physical education activities, and wear the cadet uniform.

LOCATION

Roswell is located in the southeastern part of New Mexico in an area of pleasant weather almost year around.

Altitude: 3,560 feet

Population: 48,000

Transportation:

Mesa Air Airlines (800) 933-MESA

Great Southwest Charter Service (505) 347-2054

Bus: Texas, New Mexico, Oklahoma Bus Company (Greyhound)
(505) 622-2510

Temperatures:

	Average Maximum	Average Minimum	Average
Winter	56.4	26.1	41.2
Spring	75.3	43.4	77.5
Summer	91.5	63.4	77.5
Fall	74.5	44.5	59.5

The Ski Apache (Ruidoso) ski area is 1½ hour drive away, as are hunting, fishing, and camping opportunities.

HISTORY

Roswell, New Mexico dates back to 1866 when it was a cowboy outfitting station on the Chisum Trail and, at that time, was called Rio Hondo. It acquired a post office in 1873 and was then named Roswell. At that time there was no institution of high learning in eastern New Mexico and only one in the entire New Mexico Territory -- St. Michael's, in Santa Fe founded in 1859. This area of New Mexico around Roswell, the historic border between the Comanche and Mescalero Apache tribes, was settled relatively late.

On September 3, 1891, the Goss Military Institute was founded in Roswell through the efforts of Captain J. C. Lea and Colonel and Mrs. Robert S. Goss. It was the first school in New Mexico to adopt military features and had an initial enrollment of twenty-eight pupils.

The Institute was made a territorial school and the name changed to New Mexico Military Institute on February 23, 1893. There were no funds appropriated for the first two years. However, on February 13, 1895, an appropriations bill was passed by the Territorial Legislature. The legislation provided for a bond issue and maintenance monies contingent on a land grant of forty acres. Mr. J. J. Hagerman deeded a forty-acre plot situated on North Hill to the school in 1895.

New Mexico Military Institute, after suspending operations in 1895, reopened at its present location on September 6, 1896, in a new \$12,000 physical plant with 105 students, including thirteen ladies. The curriculum consisted of eight years of academic work and the students were organized into two companies.

The New Mexico Military Institute was designated by the War Department on June 25, 1909, as one of ten distinguished military schools in the nation and it has received that distinction continuously since 1909.

The junior college was inaugurated on September 6, 1915. The Institute then had four years of high school and two years of college and thus became a pioneer among the junior colleges of the nation. The school became a member of the Reserve Officer Training Corps on December 13, 1916, with an enrollment of 203 cadets.

During World War I (1917-1919) the Institute sent 320 alumni, including 163 officers, into the services. New Mexico Military Institute was changed from a battalion of infantry to a squadron of cavalry in October 1920, and the first horses arrived during Christmas furlough that year. In 1917 the Institute was first accredited by the North Central Association of Colleges and Secondary Schools.

In 1946 the Senior ROTC horse cavalry unit was changed by Department of the Army to an armored cavalry unit. Five M-24 light tanks and miscellaneous other vehicles were added for military training. The School retained its horses for cadet activities, horsemanship, and polo. In 1954 polo was discontinued at New Mexico Military Institute. In that same year, the ROTC course went from an armor branch emphasis to a General Military Science Program.

In 1949 New Mexico Military Institute inaugurated a four-year liberal arts college offering baccalaureate degrees specializing in preparing students for government service. The

Institute's ROTC classification was changed in 1951 from a Military Junior College (MJC) to a Military Institute (MI) unit for the high school and a Military College (MC) for the college division, thus making New Mexico Military Institute one of the nine military colleges in the United States at that time. This four-year college program was discontinued in 1956 and NMML was redesignated a MJC.

Since 1956 NMML has maintained its basic commitment to a first-rate college preparatory and two-year college education. In 1977 the first female cadets were enrolled and their number has steadily grown since then. In 1980 and in 1990, New Mexico Military Institute received ten-year accreditation's from the North Central Association of Colleges and Secondary Schools. The high school division is accredited as college preparatory, the highest honor paid a public secondary school. New Mexico Military Institute continues its unbroken tradition of being named a military honor school by the Department of the Army.

Today, the academic curriculum includes a four-year senior preparatory high school and a two-year junior college. A number of qualified graduates of the Institute are commissioned as second lieutenants in the United States Army Reserve upon graduation.

LEADERSHIP AND DISCIPLINE

The Corps of Cadets at New Mexico Military Institute operates under a cadet chain of command, headed by a Cadet Regimental Commander, under the supervision of the Commandant of Cadets. Working closely with him are officers of his staff and officers and noncommissioned officers of the U.S. Army in the Military Science Division. Upon enrollment, new cadets become part of the Corps under the traditional "new cadet-old cadet" system. New cadets are assigned to rooms in the barracks with fellow new cadets of the same academic year. They march to formations with their troops. As a new cadet, the student is held to the highest standards and is trained in the shortest possible time in the following areas:

1. Military bearing and appearance
2. Self-control and self-discipline
3. Respect for authority
4. Attention to detail
5. Knowledge of New Mexico Military Institute customs, traditions, and regulations
6. Organization and use of one's time
7. Honor system
8. Social etiquette
9. Ethical and moral standards expected of a cadet

The Yearling (second semester in college) is placed in a less stressful environment and may be given supervision over new cadets in his unit. It is during this period that the cadet is carefully coached and evaluated on leadership abilities.

The old cadets are the leaders in the Corps, having the responsibilities of training the new cadets and monitoring and helping the progression of the yearlings. Old cadets lead primarily by example.

CLASS DESIGNATIONS AT NMMI

Sixth Class (equivalent to high school freshman). A number of high school freshmen are admitted to New Mexico Military Institute each year. A minimum grade point average of 2.5 in the seventh and eighth grades and an on-campus interview are required for admission.

Fifth Class (equivalent to high school sophomore). A cadet must have completed five-and-one-half academic units that apply toward the high school diploma. English I must be one of the units submitted.

Fourth Class (equivalent to high school junior). A cadet must have completed eleven academic units that apply toward the high school diploma.

Third Class (equivalent to high school senior). A cadet must have completed seventeen academic units that apply toward the high school diploma and have completed all but one unit in each of the core curriculum sequences.

Second Class (equivalent to college freshman). A cadet must have a high school diploma or its equivalent from an accredited high school.

First Class (equivalent to college sophomore). A cadet must have completed 32 academic units that apply toward the associate degree. In addition, completion of one semester in residence is required.

HONOR SYSTEM

The Honor Code and Honor System of the Corps of Cadets at NMMI belong to the Corps of Cadets but operate under the sanction of the Commandant of Cadets. Simply stated, a cadet is expected not to lie, cheat, nor steal, nor tolerate those who do. Violations of the code may result in serious disciplinary action or dismissal based on the recommendations of the Cadet Honor Board as finally determined by the Commandant of Cadets. New cadets are fully trained in all aspects of the honor system, and prospective cadets are encouraged to think out carefully the implications of non-tolerance before joining the Corps.

Cadets who are found in class to cheat, plagiarize, or otherwise engage in academic dishonesty will receive penalties ranging from an F for the particular assignment to an F for the entire semester. The incident may also be referred to the Cadet Honor Board for additional dispensation. Each academic division and department has its policy regarding sanctions for academic dishonesty, and these penalties are applied uniformly within the division, department or in multiple sections of the same course.

TYPICAL CLASS DAY

6:00 am	First Call
6:15 am	BRC (Breakfast Roll Call) Formation
7:15 am - 8:00 am	Academic Extra Help
7:15 am - 3:00 pm	Academic Time
11:35 am - 12:20 pm	Noon Meal
3:00 pm - 6:00 pm	Intramurals, Corps Sports
3:15 pm - 4:00 pm	Drill (Mondays only)
6:00 pm - 7:00 pm	Retreat and SRC (Supper Roll Call) Formation
7:00 pm - 9:30 pm	Night Study Hall (NSH)
9:30 pm - 10:00 pm	Free Time
10:00 pm	Taps

FURLOUGHS

A furlough is the time a cadet may leave NMMI to go home. Furloughs are directly related to activities, grades or deportment. A cadet whose grades or deportment fall below a "C" average loses his or her furlough privilege. Furloughs are taken only on specific weekends designated by the Commandant of Cadets. The three major furloughs during which all cadets may leave NMMI for more than three days are the Thanksgiving break, the Christmas break, and Spring break.

REQUIREMENTS FOR ADMISSION TO THE HIGH SCHOOL DIVISION

Regular admission to the high school division begins with the tenth grade (fifth class). Such applicants must have earned a grade point average of 2.0 (C) or better in all previous high school work and must have performed satisfactorily on an entrance examination. The preferred examination is the Secondary School Admissions test (SSAT). Although personal interviews are not required, applicants and their parents are encouraged to visit the Institute and tour the campus.

Foreign students whose primary language is not English must have a score of 55 or better on the Secondary Level English Proficiency (SLEP) exam. In addition a minimum score of 27 on section 1-Listening and a score of 26 on Section 2-Reading are expected.

Carefully selected ninth graders (sixth classmen) are admitted annually. Admission to this class is competitive, requiring a personal interview and a minimum grade point average of 2.50 in the seventh and eighth grades.

Accepted applicants are placed in classes at New Mexico Military Institute in accordance with the number of credits earned at the time of initial enrollment. Progress through the curricular requirements is performance rather than time based. Curricular requirements will not be waived.

Based on the counsel of the academic advisor and on demonstrated academic ability, a high school senior may be permitted to take college courses concurrently with high school courses, either for high school or college credit with permission of the high school Principal and Academic Dean.

New students are admitted only at the beginning of the Fall and Spring semester.

THE ACADEMIC TALENT PROGRAM

High school cadets who test at a superior level and/or demonstrate superior ability and performance during their new cadet year will be offered the opportunity for further testing toward the possibility of acceleration or special projects in their program of academic studies at NMMI.

The Academic Talent Program for superior high school students provides (a) for the identification of such cadets and (b) for programming to provide them with enriched and/or accelerated learning opportunities. Prospects for this program are identified during their new cadet year. Each prospect is then contacted to explain the program and ascertain the cadet's interest. If the cadet is interested, additional achievement testing is administered, and a counselor interview is conducted for assessment and evaluation. Input from the cadet's instructors will be requested.

If the cadet is then considered qualified for and interested in an individualized educational program, the cadet and the academic advisor will work together, with the approval of the parent or guardian, to design a special graduation plan. This plan will be signed by the parent or guardian, approved by the Director of the Franklin Student Assistance Center, and then submitted to the high school Principal or Academic Dean for evaluation and final approval. (Note: The established 23 unit college preparatory requirement for NMMI high school cadets will not be preempted by these special graduation plans.) The progress of any cadet in the special program will be carefully monitored by the cadet's academic advisor.

REQUIREMENTS FOR ADMISSION TO THE COLLEGE DIVISION

To be admitted to the college division of New Mexico Military Institute an applicant must be a graduate of an approved high school and have acceptable scores on the American College Test (ACT) or the Scholastic Aptitude Test (SAT). The ACT is preferred. In some cases, a candidate with an acceptable score on the General Education Development (GED) examination may be accepted. Since the ACT or SAT is required of all entering students in the junior college, students who do not have scores on file prior to new cadet testing will be required to take an ACT Residual during that period.

New students are admitted only at the beginning of the Fall and Spring semesters at New Mexico Military Institute.

Those cadets seeking a commission should also refer to the section for admissions requirements into the Contract Senior ROTC Program leading to the US Army Reserve Commission.

Foreign students whose primary language is not English must have a score of 500 or better in the Test of English as a Foreign Language (TOEFL), and may substitute these tests for the ACT.

PROCEDURES FOR APPLICATION FOR ADMISSION

Cadets must be physically and mentally sound and meet the academic requirements for admission in order to participate fully in the Institute's programs. (Chronic or acute disabilities existing before or after matriculation are causes for dismissal.)

The application for admission should be completed and returned with a check for \$60.00 (payable to NMMI) to the Admissions Office (\$10.00 of this amount is an application processing fee and is not refundable). The remaining \$50.00 is a deposit and is subject to the conditions set forth on the application. Under some circumstances, the deposit may be waived by the Director of Admissions.

The family physician must fill out the medical forms and return them to the Admissions Office.

A former NMMI cadet applies for readmission by submitting a readmission form signed by the parent or guardian (or by the cadet if 18 years of age or older). A deposit of \$50.00 must be included with the application. If the request for readmission is not granted, the \$50.00 will be returned.

FINANCIAL ASSISTANCE

The New Mexico Military Institute provides an extensive program of student financial assistance. The program revolves around two distinctive areas. One area involves the various federal student aid programs and requires proven financial need. These programs are limited to college cadets. The second area of assistance involves institutional scholarships available to both high school and college cadets. Cadet or prospective cadets with a genuine financial need may secure information by contacting the Director of Financial Aid, New Mexico Military Institute.

THE FEDERAL AND STATE ASSISTANCE PROGRAMS

The student aid programs which are funded by the federal government and the State of New Mexico are limited by law to college students. The programs are available to those students who provide evidence of need for this assistance in order to attend college, so a family need analysis is part of the application process. Approximately 40% of the college cadets at New Mexico Military Institute receive assistance from these programs. The application priority deadline is May 1 with assistance awarded after that date depending upon availability of funds. The assistance programs open to NMMI cadets include:

1. Federal Pell Grant. At New Mexico Military Institute students applying for assistance from any of the Federal programs must apply first for the Pell Grant. The amount of the grant may range from \$50. to \$2300.

2. Federal Supplemental Educational Opportunity Grants. New Mexico Military Institute has a limited number of these grants available for students with exceptional need.

3. Federal Perkins Loan. Students with exceptional need may receive loans up to \$3000. for each year of junior college. The loans carry an interest rate of 5%. Repayment begins nine months after the student ceases to be a student in any college or university, or after an authorized deferment.

4. Federal Stafford Student Loan. Recipients must show financial need to qualify for a federally-subsidized Stafford. Students may borrow up to \$2625. annually at variable interest. The federal government pays the interest while the student is enrolled in college. Repayment begins six months after the student leaves college or completes a deferment. The loan is secured from a participating bank, savings and loan agency, or credit union with New Mexico Military Institute certifying the cost of education and degree of student need. A number of states have also instituted student loan programs.

5. Federal Parents Loans for Undergraduate Students (PLUS). Parents may borrow directly from participating lenders. Borrowers must complete a standard credit application and be credit worthy. Repayment begins 60 days after the final loan disbursement.

6. Federal Work Study Program. Eligible students are employed on campus during their free time. Students work on the average of six to ten hours weekly and are paid at current minimum wage.

7. State Student Incentive Grant. This program provides a limited number of grants of \$200 to \$4000 for especially needy college students who are residents of the State of New Mexico.

SCHOLARSHIPS

The scholarship program at New Mexico Military Institute is the result of endowments made by individuals and organizations interested in NMMI and its cadets. Scholarships vary from those whose criteria are very specific to those which are quite liberally expressed. Many are strictly competitive on academic performance while others are awarded on the basis of need. Both high school and college cadets are eligible to apply for NMMI scholarships. Application booklets are given to all cadets on campus during the fall term. Applications for prospective cadets are mailed out as requested. (Refer to ROTC Scholarship section in this catalog for information regarding US Army ROTC Scholarships.)

LEGISLATOR'S SCHOLARSHIP PROGRAM

Begun in 1990, the New Mexico Legislator's Scholarship Program provides one scholarship for each legislative district in New Mexico to a high school or college student who is a resident of that district. This award includes a state gratis scholarship covering the cost of tuition and fees, and an amount to be applied toward room, board, and other expenses for up to four total years.

Annually prospective and current cadets are encouraged to apply to NMMI for these scholarships, with those selected to be notified in the spring. Renewal of the scholarship in later years requires satisfactory academic progress toward graduation and acceptable performance in the Corps of Cadets. Prospective students are nominated by the state senator or representative of the district in which the students reside, but are actually selected by a committee chaired by NMMI's Academic Dean. Information on these prestigious scholarships may be obtained from the Office of Admissions.

ACADEMIC AFFAIRS

Academic offerings are grouped into six divisions. Division heads, acting under the Dean, exercise close supervision over course content and instructional procedures. The divisions are Health, Physical Education and Recreation; Humanities, including art, English, foreign languages, and music; Military Science; Natural Sciences and Mathematics, including biology, chemistry, geology, physics, and mathematics; Social Sciences and Business Administration; and Student Assistance. A Military Science Division offers senior (college) ROTC programs operated by active duty and noncommissioned officers of the Department of the Army. A Junior ROTC Department also offers military courses for the high school.

Courses are offered leading to the high school diploma and the associate in arts degree. Preprofessional curricula at the college level address concentration areas in pre-med, pre-vet, pre-engineering, and pre-law, among others.

It is emphasized that the Institute's high school academic programs are identified by the North Central Association of Secondary Schools and Colleges as "College Preparatory". The Institute does not offer vocational-technical programs.

AUTHORITY IN ACADEMIC AFFAIRS

The Academic Dean, aided by the Associate Dean/High School Principal, has final authority in academic matters pertaining to high school and college cadets.

RELEASE OF TRANSCRIPTS

The registrar will prepare an official transcript for use outside NMMI only if the affected cadet signs a request which authorizes the release. (Family Educational Rights and Privacy Act). The transcript release presupposes that any financial obligations to the Institute have been paid and that there are no tours outstanding against the cadet.

ACADEMIC REQUIREMENTS AND POLICIES

New Mexico Military Institute is first and foremost a strong academic institution. The policies in the academic area are designed to underscore this fact to maintain the strong reputation of the degrees and diplomas held by NMMI graduates.

TRANSFER OF HIGH SCHOOL CREDITS

High school level cadets may transfer credits from other accredited high schools provided that a passing grade was attained in each course transferred. Credits shall be transferable with no loss of value between schools that are approved by the Board of Education in the state where the academic course was taken. The high school graduation requirements prescribed by NMMI must be completed by all of its graduates.

Those entering 9th grade students who meet requirements for ninth grade in the seventh or eighth grade will be awarded credit for those courses and a grade of "P" will be recorded on the NMMI record for those courses.

TRANSFER OF COLLEGE CREDITS

New Mexico Military Institute accepts credits transferred from other accredited colleges and universities as long as a satisfactory grade is earned for the course or courses that are similar to the NMMI college curriculum. New Mexico Military Institute reserves the right to determine whether courses earned elsewhere meet NMMI graduation requirements or are accepted as elective credits. Transfer grades are not, however, used to compute cumulative grade point averages.

With the exception of some corrective course credits, NMMI credits are transferable to any university in the nation.

GRADUATION REQUIREMENTS

HIGH SCHOOL DIPLOMA: Twenty-three units of credit are required for graduation. Additionally, the American College Test (ACT) is a requirement for the high school diploma. A student whose clear intention is to attend a college or university which requires the Scholastic Aptitude Test (SAT) for admission may elect to substitute that test for the ACT with the approval of the Academic Dean. A student who is not a citizen of the United States and whose primary language is not English may elect to substitute the Test of English as a Foreign Language (TOEFL) for the ACT with the approval of the high school Principal.

Communication Skills/Modern Language. Two and one-half units to include 2 units in one foreign language and 1/2 unit in communication skills. Speech, Mass Media, similar courses as well as the third year of a language meet this 1/2 unit requirement, but do not substitute for the English requirements.

English 1, 2, 3, and 4. Successfully completing a semester course generates 1/2 unit. Four units are required. Mass communication or similar English courses do not meet the English requirements.

Mathematics. Successfully completing a semester course generates 1/2 unit. Three units are required; these are MTH 021-022 Algebra I; MTH 033-034 Algebra II; and any two semesters of the following: MTH 037-038 Geometry; MTH 042 Trigonometry; or MTH 043-044 Geometry/Trigonometry/Algebra III.

Science. Successfully completing a semester course generates 1/2 unit. Two full units of a laboratory science are required. These units may be biology, chemistry, physics, or earth science. Each of these units must comprise a full year of the science elected. General science or physical science do not meet NMMI's science requirement.

Social Science. Successfully completing a semester course generates 1/2 unit. Three units are required. These include one unit of world history/geography; one unit of U.S. history/geography; 1/2 unit of economics; and 1/2 unit of government. The semester course in government will meet the government requirement; this course is normally taken during the junior or senior year in high school.

Leadership Education. Each LET course generates 1/4 unit. One-half unit is required to meet the overall 23-unit graduation requirement; however, enrollment in LET courses taught in the JROTC program is required in each semester of attendance at NMMI.

Physical Education. Completing one semester PHE activity generates 1/4 unit of credit. One-half unit is required for graduation; however, a cadet must enroll in a physical education activity each semester of attendance.

Intramural participation is mandatory each semester, although no academic credit is awarded. Members of NMMI athletic squads do not participate in intramurals while they are on the squad. When the team season is over, or if an athlete is dropped from the team, the cadet will be reported to the HPER Department Head and Commandant for reassignment to the intramural program.

Neither the same PHE course nor the same intramural activity can be taken twice.

Computer Literacy. One-half unit is required. The course Computer Concepts is recommended. Other computer science courses may be substituted for Computer Concepts with the approval of the high school Principal.

Fine/Practical Arts. One-half unit of a fine or a practical art is required.

Electives. After the requirements listed above have been satisfied, elective courses may be taken to complete the 23-unit graduation requirement. Successful completion of one semester of band, PHE, LET, or chorus at New Mexico Military Institute generates 1/4 unit.

High School Residence Requirements. A Third Class new cadet must earn a minimum of four units credit at NMMI and spend two semesters in residence.

A maximum of one unit credit earned after leaving the Institute in good standing may be submitted to fulfill graduation requirements. The appropriate academic division head and the Academic Dean must approve post-NMMI courses to meet graduation requirements. Summer or correspondence work from accredited schools is recognized, but no more than two units may be earned for transfer to NMMI. Exceptions to this policy must be approved by the Academic Dean. Private tutoring is not recognized as a source of credit.

The length of time it will take an entering student to satisfy the requirements of the high school diploma will depend on the number of acceptable units submitted on entrance. An entering Fifth Classman (sophomore) will have three years to accumulate the required units, whereas an entering Third Classman (senior) may find that completion will take longer than a year's time. This fact must be recognized by all entrants who expect to earn a high school diploma. However, an old cadet in the Third Class may, with the Dean's approval, take a maximum of nine semester hours credit at the college level. Thus, a cadet may satisfy the requirement for the high school diploma while enrolled primarily in college subjects.

Failure to earn a grade point average (GPA) of at least 2.00 for courses taken at NMMI may be considered by the Admissions Board as grounds for refusal to admit a cadet to the Second Class (college freshman).

JUNIOR COLLEGE DEGREE. Junior college cadets who are planning to continue for their baccalaureate degrees should plan to complete requirements for the Associate in Arts degree. The requirements for the Associate in Arts degree are:

Residency. A college cadet must earn a minimum of 24 credit hours at NMMI and spend two semesters in residence.

Semester Hours. Minimum of 68 hours is required, no more than 10 of which can be in Military Science. Credit may be transferred from other accredited schools if the courses and grades are acceptable. Courses transferred from other schools do not affect a grade point average at NMMI. Additionally, the Collegiate Assessment of Academic Proficiency (CAAP) is required for junior college graduation.

Required Subjects: The core curriculum of required courses is:

English: Six semester hours. English 101, plus three hours from either literature (ENG 211-212, Western World Literature I, II; ENG 221-222, ENG Literature I, II; ENG 235-236, American Literature I, II) or writing (ENG 102; 103; 218, Technical Writing; or BUS 204, Business Writing.)

History. Six semester hours of either HIS 101-102, Western Civilization, or HIS 211-212, History of the United States.

Humanities or Modern Language. Six to eight semester hours (if a language is chosen a full year of a single language is required). Non-language courses which satisfy this requirement are so labeled in the Course Description section. NOTE: In addition to the 6-8 hours, non-contract cadets must also take three hours of either COM 224, Persuasive Speaking, or PHL 202, Logic.

Laboratory Science. Eight semester hours; a full year of a single laboratory science.

Mathematics. MTH 111, Intermediate Algebra, or higher.

Social Science. Three hours from designated, non-history social science courses. (See Course Descriptions; courses meeting the Social Sciences requirement are so labeled.)

Physical Education. One hour of PE activity courses for at least two semesters to accumulate two semester credit hours. A PE course may not be taken twice, but a maximum of 4 credit hours of activity PE may be used to fulfill degree requirements. (PHE 234, 3 credit hours, and PHE 237, 3 credit hours, each satisfy one activity credit.)

Military Science. Six to ten semester hours. HIS 110 (American Military History) satisfies neither Military Science nor Social Science credit. However, ROTC contract cadets must have taken this course by the date of the acquisition of their bachelor's degree.

Grade Point Average. The minimum cumulative GPA for the associate degree is 2.0.

Transfer Credit. Academic credit to meet graduation requirements may be acquired elsewhere and entered on one's transcript at the Institute. Cadets who contemplate this action should check with the concerned academic department head to assure that the course to be taken elsewhere does indeed meet Institute academic criteria. For college cadets a maximum of two college courses from an accredited institute may be transferred to NMMI to meet graduation requirements after leaving the Institute in good standing. Equivalent Institute courses must be identified and a grade of "C" or better is required. Transferred courses do not affect the NMMI grade point average.

COLLEGE CORRESPONDENCE COURSES

While enrolled at NMMI, a college cadet may earn as many as 6 semester hours of credit toward the A.A. degree by correspondence from accredited colleges and universities. Such courses will be identified on the NMMI transcript as having been taken by correspondence.

Tests for such courses will be administered in the Student Assistance Center by someone other than the cadet's academic advisor, and a member of the academic department under which the course would normally be taught should inspect the tests for each course once for test content familiarity prior to each test's first administration. College cadets must earn a grade of A or B for the course to count toward the A.A. degree.

In general, a correspondence course should not be used to satisfy core requirements. Exceptions could include class schedule conflicts or the non-availability of an NMMI course. All requests for college credit by correspondence will require the Academic Dean's approval on the Multi-Action Form.

COLLEGE AREAS OF CONCENTRATION

The core curriculum requirements generate essentially a liberal arts associate degree, but by careful selection of elective courses, a cadet can build a course sequence which parallels those in other institutions which lead to the bachelor's degree. Cadets' academic advisors will counsel their advisees on other institutions' requirements for undergraduate degrees and suggest NMMI courses which parallel those sequences. Institute brochures are available from the Student Assistance Center for several preprofessional sequences such as medicine and engineering. Except at four-year institutions which do not sponsor ROTC programs, virtually all NMMI credit producing courses will count towards the 128-140 semester graduation total which most colleges require for the bachelor's degree. However, as is increasingly becoming common, many bachelor's degrees require 10 semesters to complete.

Working with their academic advisors, NMMI college cadets can currently within the A.A. degree complete concentrations in the following:

Art	Life Sciences
Business Administration	Mathematics
Communications	Physical Education/Recreation
Computer Information Systems	Physical Sciences
Construction Engineering	Political Science/Government
Criminal Justice	Pre-Engineering
English	Pre-Law
Equine Studies	Pre-med/Pre-dental/Pre-vet
German	Social Science
History	Spanish
Humanities	

The completed concentrations will be listed on the student's A.A. transcript. Those students who do not complete one of those listed will be awarded the concentration in Liberal Arts. In all cases, ROTC contract cadets must meet additional requirements. With some variations, concentration courses will generally be taken in the following sequences:

Art Concentration

		FIRST YEAR

CLASS DROP-ADD PROCEDURES

Cadets may add classes through the first two weeks of a semester.

The student who wished to drop a course must initiate the drop with the academic advisor who will route the drop slip through the Division Advisor before it is sent to the Registrar.

The last day for students to drop a class is eight class days after the end of the mid-term examination week.

GRADING POLICIES

Grades issued to college and high school cadets use the following guide as a basis of evaluation:

A-, A, A+	=	Excellent	4.00
B-, B, B+	=	Above Average	3.00
C-, C, C+	=	Average	2.00
D-, D, D+	=	Below Average	1.00
F	=	Failing	0.00
W	=	Withdrawn	
WF	=	Withdrawn while Failing	0.00
X	=	Incomplete	
U	=	Unsatisfactory	
S	=	Satisfactory	
P	=	Pass	

Grades of "Incomplete" (X) must be made up within the semester after awarded or they become grades of "F".

Students may retake a course in an attempt to raise a grade. If a higher grade is made the second time the course is taken, the lower grade is removed from the overall GPA but remains on the transcript. However, credit hours may not be awarded twice for the same course.

GRADUATION PROCEDURES

The semester prior to graduation, the Registrar will announce a time for application for graduation. Those planning to graduate must sign-up at that time. All graduates are expected to participate in the graduation exercise unless specifically excused by the Academic Dean.

Mid-year graduates may participate in graduation exercises if they desire. If they do so, they must appear in the designated military uniform with approved appearance standards.

Graduates who have attained certain levels of academic excellence will be recognized in the graduation exercises according to the following scale:

Graduation with Highest Honors	3.75-4.00
Graduation with High Honors	3.50-3.74
Graduation with Honors	3.25-3.49

NORMAL CLASS LOADS

The academic load for a high school cadet is five academic classes plus leadership training and physical education. Exceptions to this rule may only be made by the high school Principal upon written request of the cadet's parents.

The normal academic load for college cadets is 17 semester credit hours. The minimum load is 12 semester credit hours to include military science.

OVERLOADS

Cadets with a 3.0 GPA or above from the previous grading period may take more than 19 credit hours (college) or a sixth solid (high school) upon the recommendation of their academic advisor. The Associate Dean and High School Principal must authorize more than six solids for high school cadets. For college cadets, the advisor may authorize a course load of up to 19 hours, and the Division Advisor may authorize a course load of 20-21 hours. Only the Academic Dean may authorize a course load of 22 or more hours for college cadets. Overloads are not recommended for a cadet with a GPA of less than 3.0 from the previous semester grading period, but upon the cadet's request and with the recommendation of the academic advisor, an overload may be authorized if the cadet's schedule (academic, athletic, extra-curricular) suggests that there is reasonable probability that the cadet can successfully handle the overload.

CLASS ATTENDANCE

Attendance at all scheduled classes is mandatory and considered essential to the discipline and education of each cadet. For each unexcused absence from class, the cadet will be restricted to his/her room for one week. **A cadet with more than 10 unexcused absences in an academic year is subject to suspension from school.**

ACADEMIC SUSPENSION, WITHDRAWAL AND/OR DISMISSAL POLICY

While in attendance at NMMI a grade point average of 2.00 is required of all students in order to maintain "good academic standing." Any NMMI student whose GPA falls below 1.50 at the end of a semester is placed on Academic Probation. The student then has one more semester in which to attain a GPA of 1.50 or better. Failing to do so, the student's overall suspension may result. An entering new student whose GPA for the previous semester or whose cumulative GPA for all secondary schooling does not meet the normal admissions criterion of 2.00 may be admitted conditionally. Such a student must attain a GPA of 1.50 in the first semester at NMMI. Failing to do so, the student's overall record will be reviewed by the Academic Review Board and academic suspension may result.

Suspended cadets can be readmitted to the Institute; however dismissed cadets cannot.

A cadet who has been placed on academic suspension may apply for permission to enroll at NMMI after a break of at least one semester. The application for readmission must include evidence that the student's academic record has improved to the extent that academic success at NMMI is highly probable.

The Registrar will report a cadet's conditional admission and enrollment or probationary status to the cadet's parents and advisor, the cadet, and the Dean.

A cadet whose name has been published in the Daily Status Report under the category of Dismissed, Suspended, Withdrawn or Drop From Rolls is not permitted to take final examinations nor participate in any further academic assignments. Cadets who have been suspended must regain "good standing" within the academic division (college or high school) from which they departed before they may be permitted to participate in challenge examinations and/or be awarded a diploma or degree. A cadet regains "good standing" after the application for re-enrollment has been approved by the Admissions Committee and the cadet attends academic classes.

Cadets who complete all course requirements, including final exams, will receive letter grades on their transcripts for all courses so completed. However, if a cadet completes all work toward a high school diploma or associate degree but is dismissed or suspended just prior to graduation for disciplinary reasons, then that cadet will not receive the diploma nor degree nor take part in graduation but the transcript will indicate the credit for courses completed, the fact that a diploma or degree was not awarded, and the fact that the cadet was dismissed or suspended for disciplinary reasons prior to Commencement.

THE FRANKLIN STUDENT ASSISTANCE CENTER

The Franklin Student Assistance Center, located in the J. Penrod Toles Learning Center, houses the college and career information lab. The Center serves as a focal point for all college placement and information career development activities such as career counseling and self-directed exploration activities. It has extensive audiovisual materials such as college videos, filmstrips, and a microfiche system as well as an extensive collection of college catalogs, brochures and other college reference materials. The Guidance Information System (GIS) is a computerized data base which provides cadets access to college, occupational and financial aid data.

Additionally, the Franklin Student Assistance Center is equipped with a variety of tutorial and self-paced learning aids. Special study skills programs are provided under SAC's direction for cadets on academic probation and others as needed. Professional counselors are available to provide personal counseling as well as career and post-secondary educational guidance. While the center makes every attempt to assist students, it is not equipped nor staffed to handle learning disabled students.

ACADEMIC ADVISEMENT AND COUNSELING

New Mexico Military Institute has a centralized advising system for high school cadets which is located in the Franklin Student Assistance Center and a faculty advising system for college cadets. A system of developmental advising is implemented whereby the advisor assists the student, through a series of advising sessions, through the stages in the development of his or her values and goals, both personal and educational. Each student is assigned an academic advisor upon enrollment at New Mexico Military Institute. The academic advisor:

Is a mentor and a student advocate, establishing a rapport with and a caring attitude toward the student, and providing support for the student as he/she learns to deal with the obligations in academics and the Corps of Cadets, as well as the pressures of being away from home,

Acts as resource person, providing information on a myriad of topics, such as course requirements, learning resources, job markets, and selection of colleges after NMMI,

Is a liaison between the parents and the teaching faculty, helping to maintain good rapport with both parents and faculty,

Assists in the preparation of a cadet's academic course schedule, and structures a course of studies which leads to a cadet's career goals,

Recommends tutorial and counseling referrals to appropriate instructors or specialized counseling,

Provides the academic approval/disapproval for course overload requests and course addition or drops. Each cadet must see his/her advisor at least once a month.

Specialists in personal counseling and academic guidance and counseling, and education evaluation are available to all cadets. They provide cadets with vocational and educational information and administer and interpret aptitude, achievement and interest tests as well as tests of personal problems and concerns. The New Mexico Military Institute serves as a regional testing center for the Educational Testing Service (SAT I, SAT II, TOEFL, GRE, CLEP) and the American College Testing Program (ACT). It maintains these regularly updated materials for cadet use: general and specialized college guides and directories; computerized Guidance Information System on Colleges and Careers (GIS); college catalogues, original or on laser disc; vocational/occupational information, including books, pamphlets, and video-cassette materials, and formal programs or group instruction; general and specialized scholarship and financial aid guides and directories; college admission and recruiting materials; admission application materials for schools regularly attended by New Mexico Military Institute graduates; and specialized guidance materials for preparation for the several professions.

The Cadet Counseling Center is located in Hinkle Hall and is staffed under the auspices of the Commandant by a Reality Therapist, a substance abuse counselor, and the chaplain(s). They specialize in personal and crises counseling, and handle referrals made by advisors and/or other staff and faculty.

EX LIBRIS PROGRAM

The Ex Libris Developmental/Analytical Reading Program for high school students is a special course which parallels such programs offered by major preparatory schools to promote high academic goals. It is of particular value to students aspiring to enter prestigious colleges or the military service academies. It builds upon skills the student already possesses to procure better reading rates and greater in-depth comprehension's. The course is a voluntary, credited, extra fee program. Grade: S or U for transcript, not included in GPA.

The Ex Libris ACT/SAT Review Program is for high school students in the junior or senior year who will be taking the Scholastic Aptitude Test or the American College Test and feel motivated to enter a program designed to gain facility and practice in taking such tests. It covers verbal areas or synonyms, antonyms, analogies, vocabulary, syntax and grammar, as well as reading exercise in social studies and natural sciences. Problems in general mathematics, algebra, and geometry are reviewed. The program is of value to students who have taken these tests and who wish to improve their scores in future tests. The course is a voluntary, extra fee program, no credit. Grade: S or U, not included in GPA.

SCHOLASTIC TESTS

All high school cadets are required to take the American College Testing Company examination (ACT) as a graduation requirement. These tests are administered by the Student Assistance Center on national test dates which are announced in the Commandant's Hot Line. The exam should be taken in the second semester of the junior year or the first semester of the senior year. Most colleges require not only a transcript of one's academic record but also ACT or SAT scores. The Student Assistance Center also administers other academic and placement tests such as the PACT (Preliminary American College Test) required in the sophomore year; the PSAT (Preliminary Scholastic Aptitude Test) required in the fall of the junior year; the SAT, and reading and math placement tests for new cadets.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)/ CREDIT BY CHALLENGE

College credit is allowed for successfully completing the various CLEP tests. CLEP credit may be transferred to the Institute to meet graduation requirements, although the Institute does not use CLEP scores in computing a cadet's grade point average.

CLEP Scores - English. A score of 50% or higher on the CLEP Subject Matter Test in College Composition, plus an essay graded satisfactory by the New Mexico Military Institute Department of English, produces 3 credit hours in ENG 101. A score of 50% or higher on the CLEP Subject Matter Test in Freshman English, plus an essay graded as above, produces 3 credit hours in ENG 102.

CLEP Scores - Social Science and Humanities. A score of 50% or higher on the United States History Subject Matter CLEP Test produces 3 credit hours in HIS 211.

CLEP Scores - Mathematics and Lab Sciences. A score of 50% or higher on the College Algebra Subject Matter CLEP Test produces 3 credit hours in MTH 185. A score of 50% or higher on the Trigonometry Subject Matter CLEP Test produces 2 credit hours in MTH 186. No lab science credit is allowed through CLEP examinations.

CLEP Scores - Foreign Languages. A mean score of "C" or higher on the Foreign Language Subject Matter CLEP Test produces up to 14 credit hours in any foreign language offered by CLEP. Level 1 produces 8 credits for 111-112. Level 2 produces 6 credits for 211-212.

Challenge Examinations - With the Academic Dean's or High School Principal's approval, a cadet (high school or college) may challenge a course offered by NMMI, and if successfully challenged, usually by passing a test prepared by the academic department concerned, credit for the course will be shown on the transcript. Challenge actions are initiated by the cadet with the head of the appropriate academic department.

A \$35.00 fee for the challenge examination will be required in accordance with current Board of Regent's policies. Challenge examination results are reported on a "Credit" or "No Credit" basis on the transcript. Challenge credits do not affect grade point averages. Neither challenge nor CLEP credits satisfy minimum load requirements to maintain cadet status. A challenge exam may not be attempted if the student has already received a grade for the attempted course, nor during the last three weeks of a semester without special permission.

Credit For College Courses Taken For High School Credit - High school cadets who successfully complete college courses for high school credit will receive college credit for these courses. This credit carries a grade which affects the Grade Point Average on the college transcript.

HONOR SOCIETIES AND RECOGNITIONS

Superintendent's List

To qualify for the Superintendent's List a cadet must earn a minimum GPA of 3.50 (both high school and college) and must be carrying a load of five solid subjects in high school or at least 14 semester hours if in college. Additionally, the cadet's department grade must be an "A." Cadets who take grades of Incomplete are not eligible for the Superintendent's List in the semester in which the Incomplete is received. Credits from developmental courses will not apply.

Dean's List

To qualify for the Dean's List a cadet must earn a minimum GPA of 3.25 (both high school and college). The high school cadet must be carrying a load of five solid subjects and the college cadet a minimum of 14 semester hours. Additionally, the cadet's department grade must be an "A." Cadets who take grades of Incomplete are not eligible for the Dean's List in the semester in which the Incomplete is received. Credits from developmental courses will not apply.

Commandant's List

To qualify for the Commandant's List a cadet must earn an "A" in department and have a GPA of 2.75 or higher during a semester (both high school and college).

The National Honor Society (High School)

The National Honor Society Chapter enables the faculty to select and recognize those members of the 10th, 11th and 12th grades who are outstanding scholars and leaders. Each cadet chosen has demonstrated academic ability, leadership, character, and service to his peers. Naturally, the honor becomes more difficult to attain as the student matures and course work becomes more difficult. Thus, membership at the 12th grade level is a major criterion for acceptance by leading colleges. National Honor Society selection at NMMI requires a 3.4 or higher cumulative GPA.

Phi Theta Kappa (Junior College)

New Mexico Military Institute maintains a chapter of the junior college honor society Phi Theta Kappa. Election to the society rewards academic excellence and provides additional opportunities for leadership training. Junior college students carrying a full academic load, possessing recognized qualities of citizenship, and holding a 3.25 cumulative GPA in non-remedial courses will meet the minimum qualifications for membership. The chapter sponsors various academic activities during the year, including guest speakers and seminars on current affairs.

COLLEGE COURSES

DIVISION OF HUMANITIES

ENG 100 - Basic Writing.**Cr. 3 hrs***

Designed to assist students with the fundamentals of composition in standard English, with an emphasis on the sentence and short writing tasks. A required course for students with TOEFL scores of 500-550, ACT English scores of 16 or lower, or SAT verbal scores of 330 or lower. Students who pass an initial screening examination may transfer to ENG 103 or ENG 101 with the permission of the department chair. This course must be used to meet residency and eligibility requirements, but may not be used to fulfill the 68-hour graduation requirement.

ENG 101 - Freshman English.**Cr. 3 hrs**

Includes expository composition, the study of rhetoric, vocabulary, grammar and usage, spelling, and models for writing. Requires library paper. Mandatory core requirement. Prerequisite: Minimum grade of C in ENG 100 or 103 or an ACT English minimum score of 17 or an SAT verbal minimum score of 340. (This course is a prerequisite for all 200-level English courses.)

ENG 102 - Freshman English.**Cr. 3 hrs**

A continuation of ENG 101. Introduces poetry, short story, and drama. Requires critical papers about the literature. May apply toward the English graduation requirement.

ENG 103 - Writing Workshop.**Cr. 3 hrs**

Designed to develop skills in grammar, spelling, vocabulary, and composition in a workshop atmosphere. Recommended for students who wish to strengthen basics before enrolling in Freshman Composition. Fulfills part of the English requirement for graduation, but cannot replace ENG 101. Prerequisite: Minimum grade of C in ENG 100 or ACT English minimum score of 17 or SAT verbal minimum score of 340.

ENG 199 - Special Studies in English.**Cr. 1-3 hrs**

Prerequisite: Permission of instructor.

ENG 211 - Western World Literature I.**Cr. 3 hrs****(Satisfies Humanities Requirement)**

Offers reading in the major literature of the Western world from Greco-Roman times to the Renaissance. The readings will reflect intellectual, cultural, historical, and literary changes. Composition required. May apply toward the English graduation requirement.

ENG 212 - Western World Literature II. Cr. 3 hrs
(Satisfies Humanities Requirement)

Continues readings of the major literature of the West that reflect social and literary developments from the Neo-classical period to the Twentieth Century. Composition required. May apply toward the English graduation requirement.

ENG 218 - Technical Writing. Cr. 3 hrs

Theory and practice of writing in technical fields. Emphasizes efficient writing processes and effective written products, including correspondence, resumes, and reports. Students successfully completing this course may not enroll in BUS 204. Prerequisite: ENG 101. May apply toward the English graduation requirement.

ENG 221 - English Literature I. Cr. 3 hrs
(Satisfies Humanities Requirement)

Surveys major writers of English literature with some attention to minor authors and to trends and backgrounds. One oral report and one paper. Major authors studied: Chaucer, Spenser, Shakespeare, Donne, Johnson, Milton, Dryden, Swift, Pope, Johnson. May apply toward the English graduation requirement.

ENG 222 - English Literature II. Cr. 3 hrs
(Satisfies Humanities Requirement)

A continuation of ENG 221 with the following main authors studied: Wordsworth, Coleridge, Byron, Shelly, Keats, Tennyson, Browning, Arnold, Yeats, Eliot. May apply toward the English graduation requirement.

ENG 231 - Introduction to Drama. Cr. 3 hrs
(Satisfies Humanities Requirement)

Treats Drama as literature: selected readings from the ancient Greeks to the present.

ENG 232 - Short Story. Cr. 3 hrs
(Satisfies Humanities Requirement)

A study of the origins and development of the short story from early through modern to contemporary with special attention to the elements of fiction within historical and cultural contexts.

ENG 235 - American Literature I. Cr. 3 hrs
(Satisfies Humanities Requirement)

Covers American writing from the colonial period to the Civil War with emphasis upon the chief figures. Historical and literary developments are studied, along with literary types, both prose and poetry. A critical review is required. May apply toward the English graduation requirement.

ENG 236 - American Literature II. Cr. 3 hrs
(Satisfies Humanities Requirement)

A continuation of ENG 235 which carries the student into modern American writers and movements. A critical review is required. May apply toward the English graduation requirement.

ENG 240 - The Bible as Literature. Cr. 3 hrs
(Satisfies Humanities Requirement)

A study of the Bible in terms of its literary types. Features close textual readings with some discussion of historical context, the difficulties and differences in translations, and the Bible's place in world literature. Composition required.

ENG 299 - Special Studies in English. Cr. 3 hrs

Prerequisite: Permission of instructor.

RDG 100 - Reading Cr. 3 hrs*

Designed to help students acquire college level reading and study strategies via individualized diagnosis and work assignments. A required course for all students concurrently enrolled in ENG 100. Students who pass an initial screening examination may be excused.

*Courses numbered 100 are remedial level and do not generate graduation credit hours. This course may be used to meet residency and eligibility requirements, but may not be used to fulfill the 68 hour graduation requirement.

COM 123 - Public Speaking. Cr. 3 hrs
(Satisfies Humanities Requirement)

Delineates principles of public speaking and various types of public addresses. Emphasis on clear, competent expression through thorough preparation. Tape recordings for individual study.

COM 124 - Group Discussion. Cr. 3 hrs
(Satisfies Humanities Requirement)

Study and practice in the dynamics of group oral communication. Prerequisite: Permission of instructor.

COM 131/132 - Practicum in Yearbook Production. Cr. 1 hr

Individual directed study and practice in the processes of yearbook preparation and print plant procedures; develops knowledge of production techniques of the printing and publishing industries through hands-on work resulting in the production of the NMMI yearbook, the *Bronco*. This course may be repeated once.

COM 198 - Television Production Internship.**Cr. 1 hr**

Provides both theoretical knowledge and hands-on experience in the process of television production. May be repeated up to a total of three (3) semester hours. Prerequisite: Permission of instructor.

COM 224 - Persuasive Speaking.**Cr 3 hrs**

Theory of and practice in persuasive speaking based on a study of logical processes and critical thinking. Along with PHL 202, Logic, a graduation requirement option for all cadets who do not contract in and complete the US Army ROTC Advanced Course; such a cadet must take either COM 224 or PHL 202.

MODERN LANGUAGES**Registration Instructions:**

Students with fewer than two years of high school language should enroll in the 111-112 series.

Students with two years or more of high school language should enroll in the 211-212 series.

Language Laboratory:

Each student enrolled in the 111-112 series will have two periods of language laboratory each week. A lab fee is required.

FRN 111-112 - Elementary French.**Cr. 4-4 hrs****(Satisfies Humanities Requirement)**

Stresses grammar and basic skills; listening, speaking, reading and writing. The class meets daily with three hours of lecture and two periods of lab each week.

FRN 211-212 - Intermediate French.**Cr 3-3 hrs****(Satisfies Humanities Requirement)**

Continues the study of grammar and language, and stresses effective reading. Prerequisite: FRN 112 and two years of high school French or permission of the instructor.

GER 111-112 - Elementary German.**Cr 4-4 hrs****(Satisfies Humanities Requirement)**

Stresses grammar and basic skills; listening, speaking, reading and writing; the class meets daily, with three hours of lecture and two periods of lab each week.

GER 211-212 - Intermediate German.**Cr 3-3 hrs****(Satisfies Humanities Requirement)**

Continues the study of grammar and language, and stresses effective reading. Prerequisite: GER 112, two years of high school German, or permission of the instructor.

RUS 111-112 - Beginning Russian. **Cr. 4-4 hrs**
(Satisfies Humanities Requirement)

Stresses grammar and basic skills: listening, speaking, reading and writing. The class meets daily, with three hours of lecture and two periods of lab each week.

SPN 111-112 - Elementary Spanish. **Cr. 4-4 hrs**
(Satisfies Humanities Requirement)

Stresses grammar and basic skills; listening, speaking, reading and writing. The class meets daily with three hours of lecture and two periods of lab each week.

SPN 211-212 - Intermediate Spanish. **Cr. 3-3 hrs**
(Satisfies Humanities Requirement)

Continues the study of grammar and language, and stresses effective reading. Prerequisite: SPN 112, two years of high school Spanish, or permission of the instructor.

FRN/GER/RUS/SPN 199 or 299 - Special Problems in Modern Language. **Cr. 1-3 hrs**

Prerequisite: Permission of instructor.

FINE ARTS

Art

ART 102 - Painting. **Cr. 3 hrs**

An introduction to oil painting. Emphasis on color theory and mixing, developing technique, and control of media. No prerequisite. (Material cost: approximately \$35.00.) Offered in Fall semester.

ART 103 - Painting. **Cr. 3 hrs**

Continuation of ART 102, offered in Spring semester.

ART 111 - Drawing. **Cr. 3 hrs**

Basic approaches to drawing. Emphasis on learning to see natural and man-made objects in contour, gesture, direction, proportion, shading. No prerequisite. Offered in Fall semester.

ART 112 - Drawing. **Cr. 3 hrs**

Continuation of ART 111, offered in Spring semester.

ART 120 - Basic Design. **Cr. 3 hrs**
(Satisfies Humanities Requirement)

Introduction to elements and principles of two-dimensional design. Requires completion of projects for individual portfolios. No prerequisite. Offered each semester. (Material cost: approximately \$35.00)

ART 121 - Basic Design. **Cr. 3 hrs**
(Satisfies Humanities Requirement)

Introduction to three-dimensional design. Requires designing and constructing individual projects. Prerequisite: ART 120, or permission of the instructor. Offered in Spring semester.

ART 131 - Art History. **Cr. 3 hrs**
(Satisfies Humanities Requirement)

Survey of painting, sculpture, architecture from Paleolithic to Renaissance. Research paper required. No prerequisite required. Offered in Fall semester.

ART 132 - Art History. **Cr. 3 hrs**
(Satisfies Humanities Requirement)

Survey of painting, sculpture, architecture from Renaissance to Modern. Research paper required. No prerequisite required. Offered each semester. (Material cost: approximately \$35.00)

ART 199 - Special Problems in Art. **Cr. 1-3 hrs**

Prerequisite: Permission of instructor.

Music

NOTE: As many as eight (8) semester credit hours maximum transferred in or earned at NMMI of ensemble courses (band, choir, etc.) may be applied toward A.A. degree requirements.

MUS 101-102 - Band. **Cr. 1 hr**
MUS 201-202 - Band. **Cr. 1 hr**

Designed to provide a marching and concert band performance experience. The marching band aspect begins in August and continues until the football season is completed. Emphasis on performance in a concert setting begins in November and continues through the remainder of the academic year. Admission is gained through audition or invitation of the Director of Music.

MUS 103-104 - Stage Band. Cr. 1 hr
MUS 203-204 - Stage Band. Cr. 1 hr

Open to all qualified students who are interested in jazz, popular, and "big band" music. Admission is gained by audition or invitation of the Director of Music.

MUS 105-106 - Choir. Cr. 1 hr
MUS 205-206 - Choir. Cr. 1 hr

Open to all students who are interested in singing and performing vocal music of numerous periods and styles.

MUS 107-108 - Chapel Choir. Cr. 1 hr
MUS 207-208 - Chapel Choir. Cr. 1 hr

Open to students who are interested in singing and performing sacred music.

MUS 111-211 - Applied Music Lessons. Cr. 1 hr

Provides private music instruction on piano, voice, and band instruments. It includes one-half hour lesson per week. Prerequisite: Permission of instructor.

MUS 115 - Small Ensemble. Cr. 1 hr

Provides a small ensemble performance experience as well as an expansion of instrumental and vocal techniques. Prerequisite: Permission of instructor.

MUS 120 - Fundamentals of Music Theory. Cr. 3 hrs
(Satisfies Humanities Requirement)

A study of music fundamentals, including notation, rhythm, scales, intervals, and basic chord structure. Open to all students. No previous training in music is necessary.

MUS 130 - Music Appreciation. Cr. 3 hrs
(Satisfies Humanities Requirement)

A basic non technical course in music listening and survey of music literature from the Renaissance period to the present. Open to all students. No previous training in music is necessary.

MUS 199 or 299 - Independent Study in Music. Cr. 1-3 hrs

Prerequisite: Permission of instructor.

DIVISION OF NATURAL SCIENCES AND MATHEMATICS

Animal Science

ASC 101 - Introduction to Animal Science. **Cr. 3 hrs (2-2L)**

Studies the common characteristics of cattle, horses, sheep, swine, and poultry. Examines their relationships and the effect of these industries on society. No prerequisite. Offered Fall semester.

ASC 103 - Introduction to Equine Studies. **Cr. 3 hrs (2-2L)**

An introduction to the horse industry, covering the history, feeding, management, breeding, and general care of horses. No prerequisite. Offered in the Spring semester.

ASC 190 - Beginning Horsemanship. **Cr. 1 hr (2L)**

Basic principles of Western riding, including care and management of the riding horse, equitation equipment, and the development of riding skills. No prerequisite, and a lab fee only in the Summer Session. (Same as PHE 190.)

Biology

BIO 101-102 - General Biology. **Cr. 4-4 hrs (3-2L)**

Studies the unifying principles of life; metabolism, growth and development, behavior, evolution and ecology. The genesis and diversity of micro-organisms, plants, and animals are stressed. Lab fee is required.

BIO 199 - Special Problems in Biology. **Cr. 1-3 hrs**

Prerequisite: Permission of instructor.

BIO 216 - Human Anatomy and Physiology. **Cr. 4 hrs (3-2L)**

Details the structure and function of the human body. Prerequisite: one year of biology, either in college or high school. Lab fee required.

BIO 221 - Microbiology **Cr. 4 hrs (2-4L)**

An introductory study of the physiology, morphology and activities of microorganisms. Labs will involve practice in the techniques of isolation, purification and identification of microorganism. Lab fee required.

BIO 232 - Ecological Science **Cr. 4 hrs (3-3L)**

Concentrates on the origin, development and structure of natural communities as influenced by climate, soil, and the biotic factors. Prerequisite: two semesters of biology and permission of the department head. Lab fee required.

Physics

PHY 111-112 - General Physics. **Cr. 4-4 hrs (3-3L)**

Fulfills the science requirements for liberal arts students. Classical physics with emphasis on physical principles as applied in mechanics, heat, sound, electricity, optics and atomic structure. Lab fee required.

PHY 199 - Special Problems in Physics. **Cr. 1-3 hrs**

Prerequisite: Permission of instructor.

PHY 213-214 - Engineering Physics. **Cr. 5-5 hrs (4-2L)**

Fundamental for engineers, science students, and pre-meds. First semester: mechanics, waves, thermodynamics. Second semester: electricity, optics, modern physics. Extensive problem solving. Lab fee required. Prerequisite: calculus, MTH 195-196.

PHY 222 - Statics. **Cr. 3 hrs**

Studies engineering mechanics using vector methods. Includes study of rigid bodies in equilibrium, center of gravity, beams, flexible cables and trusses. Prerequisite: high school or college physics. Calculus corequisite or consent of instructor required.

Chemistry

CHM 111-112 - General Chemistry. **Cr. 4-4 hrs (3-3L)**

A two-semester introduction to the fundamental theories and principles of chemistry. Transfers as mainstream (general) chemistry for all majors. No previous chemistry coursework is required. Prerequisite: MTH 111 or high school Algebra II. Lab fee required.

CHM 113-114 - College Chemistry. **Cr. 4-4 hrs (3-3L)**

A two-semester advanced course for well-qualified science and engineering students covering theories, principles, and applications of chemistry. A good math and chemistry background will be assumed. Prerequisites: MTH 185 or high school Algebra III/Trigonometry; an A or B in high school chemistry. Lab fee required.

CHM 199 - Special Problems in Chemistry. **Cr. 1-3 hrs**

Prerequisite: permission of instructor.

CHM 211 - Basic Organic Chemistry. **Cr. 4 hrs (3-3L)**

A one-semester survey for students. A brief coverage of the important classes of organic compounds. Prerequisite: CHM 112 or 114. Lab fee required.

DIVISION OF NATURAL SCIENCES AND MATHEMATICS

Animal Science

ASC 101 - Introduction to Animal Science. **Cr. 3 hrs (2-2L)**

Studies the common characteristics of cattle, horses, sheep, swine, and poultry. Examines their relationships and the effect of these industries on society. No prerequisite. Offered Fall semester.

ASC 103 - Introduction to Equine Studies. **Cr. 3 hrs (2-2L)**

An introduction to the horse industry, covering the history, feeding, management, breeding, and general care of horses. No prerequisite. Offered in the Spring semester.

ASC 190 - Beginning Horsemanship. **Cr. 1 hr (2L)**

Basic principles of Western riding, including care and management of the riding horse, equitation equipment, and the development of riding skills. No prerequisite, and a lab fee only in the Summer Session. (Same as PHE 190.)

Biology

BIO 101-102 - General Biology. **Cr. 4-4 hrs (3-2L)**

Studies the unifying principles of life; metabolism, growth and development, behavior, evolution and ecology. The genesis and diversity of micro-organisms, plants, and animals are stressed. Lab fee is required.

BIO 199 - Special Problems in Biology. **Cr. 1-3 hrs**

Prerequisite: Permission of instructor.

BIO 216 - Human Anatomy and Physiology. **Cr. 4 hrs (3-2L)**

Details the structure and function of the human body. Prerequisite: one year of biology, either in college or high school. Lab fee required.

BIO 221 - Microbiology **Cr. 4 hrs (2-4L)**

An introductory study of the physiology, morphology and activities of microorganisms. Labs will involve practice in the techniques of isolation, purification and identification of microorganism. Lab fee required.

BIO 232 - Ecological Science **Cr. 4 hrs (3-3L)**

Concentrates on the origin, development and structure of natural communities as influenced by climate, soil, and the biotic factors. Prerequisite: two semesters of biology and permission of the department head. Lab fee required.

Physics

PHY 111-112 - General Physics. **Cr. 4-4 hrs (3-3L)**

Fulfills the science requirements for liberal arts students. Classical physics with emphasis on physical principles as applied in mechanics, heat, sound, electricity, optics and atomic structure. Lab fee required.

PHY 199 - Special Problems in Physics. **Cr. 1-3 hrs**

Prerequisite: Permission of instructor.

PHY 213-214 - Engineering Physics. **Cr. 5-5 hrs (4-2L)**

Fundamental for engineers, science students, and pre-meds. First semester: mechanics, waves, thermodynamics. Second semester: electricity, optics, modern physics. Extensive problem solving. Lab fee required. Prerequisite: calculus, MTH 195-196.

PHY 222 - Statics. **Cr. 3 hrs**

Studies engineering mechanics using vector methods. Includes study of rigid bodies in equilibrium, center of gravity, beams, flexible cables and trusses. Prerequisite: high school or college physics. Calculus corequisite or consent of instructor required.

Chemistry

CHM 111-112 - General Chemistry. **Cr. 4-4 hrs (3-3L)**

A two-semester introduction to the fundamental theories and principles of chemistry. Transfers as mainstream (general) chemistry for all majors. No previous chemistry coursework is required. Prerequisite: MTH 111 or high school Algebra II. Lab fee required.

CHM 113-114 - College Chemistry. **Cr. 4-4 hrs (3-3L)**

A two-semester advanced course for well-qualified science and engineering students covering theories, principles, and applications of chemistry. A good math and chemistry background will be assumed. Prerequisites: MTH 185 or high school Algebra III/Trigonometry; an A or B in high school chemistry. Lab fee required.

CHM 199 - Special Problems in Chemistry. **Cr. 1-3 hrs**

Prerequisite: permission of instructor.

CHM 211 - Basic Organic Chemistry. **Cr. 4 hrs (3-3L)**

A one-semester survey for students. A brief coverage of the important classes of organic compounds. Prerequisite: CHM 112 or 114. Lab fee required.

CHM 213-214 - Organic Chemistry.**Cr. 5-5 hrs (3-6L)**

A two-semester sequence with an in-depth coverage of aliphatic and aromatic compounds, isomerism, structural electronics theories of reactions. Prerequisite: CHM 112 or 114. Lab fee required.

Geology**ESC 111 - Physical Geology.****Cr. 4 hrs (3-3L)**

Surveys the geological processes in the light of the concept of plate tectonics. Laboratory work includes the identification of rocks and minerals and the use of geologic maps to study physical processes. Field trips supplement classroom objectives. Lab fee required.

ESC 112 - Historical Geology.**Cr. 4 hrs (3-3L)**

Constructs the history of an evolving earth, with special reference to North America. Laboratory exercises in correlation by use of fossils and physical evidence. Field trips to points significant in earth history. Prerequisite: ESC 111. Lab fee required.

ESC 199 - Special Problems in Geology.**Cr. 1-3 hrs**

Prerequisite: permission of instructor.

Mathematics**MTH 100 - Elementary Algebra.****Cr. 3 hrs***

This remedial course covers topics usually contained in a first course of algebra. In addition, basic computational skills are reviewed with a view toward showing the transition to the concept of an unknown or variable. A review of geometry is achieved by using algebraic methods. It is designed for students with little or no background in algebra and prepares students for Intermediate Algebra.

*Courses numbered 100 are remedial level courses and do not generate graduation credit hours. These courses may be used to meet residency and eligibility requirements, but may not be used to fulfill the 68-hour graduation requirement.

MTH 111 - Intermediate Algebra.**Cr. 3 hrs**

Studies topics in exponents, radicals, factoring, linear, and quadratic equations and inequalities, polynomials, systems of linear equations and problem solving.

MTH 125 - Introduction to Contemporary Mathematics.**Cr. 3 hrs**

Includes topics with modern applications such as networks and circuits, scheduling, linear programming, probability and statistics, voting methods, game theory, apportionment, patterns and tilings, fractals, growth, measurement and computers.

MTH 137 - Mathematics for Business and Social Science. Cr. 3 hrs

Studies finite math topics used in business, biology, and social science including systems of linear equations, matrices, linear programming, counting techniques, probability, and math of finance. Prerequisite: MTH 111 or equivalent.

MTH 138 - Calculus for Business and Social Science. Cr. 3 hrs

Introduces differential and integral calculus with application to business, economics, the behavioral and life sciences. Prerequisite: MTH 137 or MTH 185 or equivalent.

MTH 185 - College Algebra. Cr. 3 hrs

An intensive course in algebra designed for students planning to take calculus. Topics include functions, graphs, polynomials, rational, exponential, and logarithmic functions, conic sections, solutions of linear systems, theory of equations, inequalities. Emphasizes concepts and techniques needed for the effective study of calculus. Prerequisite: MTH 111 or equivalent experience.

MTH 186 - Trigonometry. Cr. 2 hrs

Covers trigonometric functions, trigonometric identities and equations, radian measures, inverse trigonometric functions, complex numbers, vectors, and applications. Students may enroll concurrently in college algebra (MTH 185).

MTH 195 - Calculus I. Cr. 4 hrs

The first semester of a three-semester sequence designed for students majoring in engineering, mathematics, computer science, the physical sciences. Topics covered include limits, the derivative, trigonometric functions, applications, curve sketching, the definite integral, applications of the definite integral. Prerequisite: a minimum grade of "C" in MTH 185-186 or equivalent experience.

MTH 196 - Calculus II. Cr. 4 hrs

Covers further applications of integration, logarithmic, and exponential functions, inverse trigonometric functions, hyperbolic functions, techniques of integration, infinite series, power and Taylor series, indeterminate forms, numerical methods. Prerequisite: a minimum grade of "C" in MTH 195.

MTH 199 - Special Problems in Mathematics. Cr. 1-3 hrs

Involves courses in such areas as programmable calculators, advanced computer programming, and advanced mathematics. Prerequisite: permission of instructor.

MTH 241 - Introduction to Statistics.**Cr. 3 hrs**

Introduces beginning topics in statistics, including random samples, organizing data, measures of central tendency and dispersion, probability theory, binomial and normal distributions, estimation, hypotheses testing, regression and correlation. Prerequisite: MTH 185 or MTH 111 with a grade of "B" or better.

MTH 295 - Multi-variable Calculus.**Cr. 4 hrs**

Covers geometry in the plane and in space, conic sections, polar coordinates, parametric equations, vectors, functions, multiple integration with applications, vector calculus, introduction to differential equations. Prerequisite: a minimum grade of "C" in MTH 196.

MEN 145 - Engineering Graphics.**Cr. 3 hrs**

Introduces engineering graphical methods and disciplines with emphasis on basic principles and applications. Topics include technical drawing and design, orthographic projection, free hand sketching, and descriptive geometry. The student is required to learn AUTOCAD. Lab fee required. Does not meet math graduation requirements.

CSI 161 - FORTRAN.**Cr. 3 hrs**

An in-depth study of the computer programming language FORTRAN. Emphasizes using the language to solve scientific problems. Requires the student to write and run several programs. Offered alternate years. Prerequisite: CSI 151 or consent of instructor. Lab fee required.

CSI 171 - PASCAL.**Cr. 3 hrs**

Covers the high level programming language PASCAL. Emphasis is placed on logically structured, well-documented computer programs using algorithms and data structures. Lab fee required. Prerequisite: CSI 151 or consent of instructor.

CSI 199 - Special Problems.**Cr. 1-3 hrs**

Prerequisite: permission of instructor.

DIVISION OF SOCIAL SCIENCE AND BUSINESS ADMINISTRATION

History**His 101-102 - Development of Western Civilization.****Cr. 3-3 hrs**

A study of the social, economic, political, philosophical, and aesthetic development of humans from antiquity to the end of the Medieval period. Second semester studies human history from 1500 AD to modern times. This course sequence attempts to have students understand the parallels between past and contemporary history to better comprehend the political and social realities of the contemporary world situation. Can satisfy the 6-hour history graduation requirement.

HIS 110 - American Military History.**Cr. 3 hrs**

A study of the development of American military institutions, policies, experiences, and traditions in peace and war from colonial times to the present. Emphasizes the relationship between military and other aspects of American society and the role of the military in the establishment, expansion, preservation, and development of the nation. This course may be taken in place of one of the following: MIL 111, MIL 112, MIL 221, or MIL 222.

HIS 170 - East Asian Civilization.**Cr. 3 hrs**

A China-oriented survey of non-"Western" culture, this course first outlines the great tradition, its development, the impact of the West, the twentieth-century development, and the beginning of the radical changes since World War II. The course considers the influence of China on Japan and the separate development of the nation. There will be a brief consideration of Korean history.

HIS 171 - Modern Southeast Asia.**Cr. 3 hrs**

The course considers first the diverse culture influences on the region using Singapore as the prime example. The histories of colonial Southeast Asia and of Siam are then considered in the context of rising nationalism; finally, the history of the several independent nations are studied, with special consideration of intra-regional institutions. (Prerequisite: HIS 170 and/or permission of the instructor.)

HIS 211-212 - History of the United States.**Cr. 3-3 hrs**

During the first semester, a survey of American history based on the political, economic, social, and cultural development of the United States from colonial beginnings through 1865. During the second semester, a study of the history of the United States from the beginning of Reconstruction to the present. Particular attention is also given various political, social, and economic movements, as well as the place of the U.S. in world affairs. Can satisfy the 6-hour history graduation requirement.

HIS 261 - History of New Mexico**Cr. 3 hrs**

Surveys the political, economic, social, and cultural development of the state. Special emphasis is placed upon the multi-cultural aspects of the state's development.

HIS 280 - Latin America: An Historical Survey.**Cr. 3 hrs**

Examines the political, economic, social, and cultural development of Latin America from its Indian origins to the present. Special attention is given to the twentieth century interaction of the region with the United States and the rest of the world.

Political Science

GVT 111 - United States Government. **Cr. 3 hrs**
(Satisfies Social Science Requirement)

Analyzes the national constitution, political process, presidency, congress, judiciary, and formation of foreign policy.

GVT 214 - Comparative Politics and Government. **Cr. 3 hrs**
(Satisfies Social Science Requirement)

Overviews the spectrum of world politics and government. Concepts emphasized include democracy (conservative capitalism and democratic liberalism), socialism, communism, and fascism.

GVT 220 - State and Local Politics and Government. **Cr. 3 hrs**
(Satisfies Social Science Requirement)

A study of the process of conflict resolution at the state and local level. Emphasis is on the changes brought about by urbanization, suburbanization, the growth of the sunbelt, and changes accompanying the legislative reapportionment of the recent past. The abstract principles of political science are applied to the real world of politics and government in New Mexico.

Psychology

PSY 101 - General Psychology. **Cr. 3 hrs**
(Satisfies Social Science Requirement)

Studies the physiological, biological, and psychological factors which influence human behavior. Students are introduced to classic theorists and theories which attempt to explain human behavior and personality development. Human emotions, motivation, stress, anxiety, neurotic, and psychotic behavior are studied in this course. Emphasizes effective life adjustment in a complex, paradoxical social environment.

PSY 199 - Special Problems in Psychology. **Cr. 3 hrs**

Prerequisite: permission of instructor.

PSY 211 - The Psychology of Adjustment. **Cr. 3 hrs**
(Satisfies Social Science Requirement)

Explores concepts of mental health and illness, adjustment problems and processes.
 Prerequisite: PSY 101.

Sociology

SOC 101 - Introduction to Sociology. **Cr. 3 hrs**
(Satisfies Social Science Requirement)

A study of the nature and structure of human societies. Stresses sociological methodology, terminology, key concepts, such as culture, socialization, social stratification, collective behavior and social instructions. Designed to give the student a sociological understanding of contemporary American society in a rapidly changing world.

SOC 201 - Contemporary Social Problems **Cr. 3 hrs**
(Satisfies Social Science Requirement)

Analyzes and studies contemporary social problems, their causes, possible solutions, and how they affect human behavior. The problem areas of crime, population, the ecological crises, racism, alienation, poverty, urbanization, and mass media are studies from the various sociological models or social problems. Prerequisite: SOC 101 or permission of instructor.

SOC 210 - Contemporary Marriage and Family. **Cr. 3 hrs**
(Satisfies Social Science Requirement)

A study of the nature and the forces that are influencing contemporary family life. Many of the aspects of marriage covered are: male and female role socialization, courtship, mate selection, legal aspects, practical economic considerations, sexual development and adjustment, conflict and adjustment in marriage, divorce, child rearing, and the nature of love. Prerequisite: SOC 101 or permission of instructor.

SOC 299 - Special Studies in Sociology. **Cr. 1-3 hrs**

Prerequisite: permission of instructor.

Philosophy

PHL 111 - Introduction to Philosophy. **Cr. 1-3 hrs**
(Satisfies Humanities Requirement)

Familiarization with the philosophical approach; study of philosophical problems of historical significance. Includes critical study of works of important philosophers and representative philosophic areas, aimed at developing theories of formal analysis.

PHL 120 - World Religions. **Cr. 3 hrs**
(Satisfies Humanities Requirement)

A historical survey of the great world religions with a rational analysis of the concepts of God, creation, man, scripture and ethics presented. Religious movements to be discussed include: Islamic, Hinduism, Buddhism, Taoism, Confucianism, Judaism and Christianity.

PHL 201 - Ethics. Cr. 3 hrs
(Satisfies Humanities Requirement)

Introduces the concepts and methods of moral philosophy. Students are taught how to analyze and evaluate current moral problems as well as being introduced to the major systems of the Occident.

PHL 202 - Logic. Cr. 3 hrs
(Satisfies Humanities Requirement)

A basic introduction to the concepts and analytical tools of material logic and formal deductive logic. Major emphasis is placed on the Aristotelian rules of categorical syllogisms and on analyzing common arguments made in daily life.

PHL 299 - Special Studies in Philosophy. Cr. 1-3 hrs

Prerequisite: permission of instructor.

Geography

GEO 102 - Economic Geography. Cr. 3 hrs
(Satisfies Social Science Requirement)

A study of the patterns of distribution, production, and consumption of the world's goods, with emphasis on both geographic location of agricultural, industrial, and extractive production and interregional relationships. Field trip. Recommended for business majors.

GEO 212 - Humans and the Environment. Cr. 3 hrs
(Satisfies Social Science Requirement)

A study of the natural environment and its transformation by human activities. An interdisciplinary study, combining ideas and information from the natural sciences (Physical Geography) and from Cultural Geography to present a general understanding of how nature functions and how humans are a modifying force. No prerequisite.

GEO 250 - Geography of South America. Cr. 3 hrs
(Satisfies Social Science Requirement)

Regional study of the physical, cultural, and economic geography of South America.

Anthropology

ANT 101 - Introduction to Cultural Anthropology. Cr. 3 hrs
(Satisfies Social Science Requirement)

The origin and development of culture, with emphasis on the study of economics, kinship, politics, religion, and folklore.

Business Administration

BUS 101 - Beginning Typing.

Cr. 3 hrs

Introduces the keyboard and principle parts of the word processing typewriter. Emphasis on typing letters, classroom assignments, and term papers. Not for students who have received credit for a similar course. Fee required.

BUS 102 - Intermediate Typing.

Cr. 3 hrs

A continuation of BUS 101. Use of the word processor in the presentation of business information and formal business statements. Emphasis on improving accuracy and speed, as well as efficiency in the use of time. Fee required. Prerequisite: "B" or better in BUS 101 or equivalent.

BUS 111 - Introduction to Business.

Cr. 3 hrs

A general survey of the entire field of business, intended for first-year college students. Concepts of business organization, structure, and decision-making processes. Explores areas of specialization and career opportunities in the business world.

CSI 117 - Computer Concepts.

Cr. 3 hrs

Studies development of data processing, machine languages; writing of simple programs. Microcomputer and mainframe terminals are extensively used for instruction of application techniques. Lab fee required.

BUS 199 - Special Problems in Computer Concepts.

Cr. 3 hrs

Studies the use of the power the computer has to offer. Topics include stored program concepts, peripheral devices, flow charting and an introduction to the BASIC computer language with emphasis on problem solving applications in the business environment.

BUS 201 - Principles of Management.

Cr. 3 hrs

A study of managerial functions as they apply to business. Planning, organizing, staffing, directing, and controlling the functions of management are examined in depth.

BUS 202 - Business Law.

Cr. 3 hrs

Investigates the basic principles of tort law and their application to business problems. Includes: court system, legal procedures, law of contracts, agency, and employment, negotiable instruments, personal property, and sale of goods.

BUS 204 - Business Writing.**Cr. 3 hrs**

Theory and practice of business writing emphasizing style, structure, and format in letters, memoranda, resumes, and reports. Students successfully completing this course may not enroll in ENG 218. Prerequisite: ENG 101. This course can satisfy three of the six semester hour core English requirement.

BUS 213 - Principles of Accounting I.**Cr. 3 hrs**

An introductory course designed to furnish a general knowledge of accounting principles and procedures. Examination of present accounting theory and practices with applications to the sole proprietorship.

BUS 214 - Principles of Accounting II.**Cr. 3 hrs**

A continuation of BA 113. Application of theory and practice to partnership and corporations, manufacturing operations, cost determination, financial statement analysis and Federal tax considerations. Prerequisite: BA 113.

ECN 211 - Principles and Problems of Macro-Economics.**Cr. 3 hrs****(Satisfies Social Science Requirement)**

A description of the economic system governing the productive apparatus; identification of underlying social and economic goals, examination of money and credit systems; theory of national income, employment, and economic growth.

ECN 212 - Principles and Problems of Micro-Economics.**Cr. 3 hrs****(Satisfies Social Science Requirement)**

A continuation of ECN 211, with emphasis on the micro-economics description of firms, markets, and pricing systems; the economics of pollution controls and individual groups of society. Study of comparative economic systems. Desirable prerequisite: ECN 211.

Criminal Justice**CJU 101 - Introduction to Criminal Justice****Cr. 3 hrs****(Satisfies Social or Behavioral Science Requirement)**

Reviews and examines the history and contemporary issues in all aspects of the criminal justice system. Areas examined include crime causation, constitutional law, administration of justice, policing and police issues, court procedures and certain elements involving corrections. NOTE: CJU 101 or instructor's permission is prerequisite for all higher level CJU courses.

CJU 102 - Criminal Investigation**Cr. 3 hrs**

Introduces the student to the principles of scientific crime detection, identification and management of evidence, interviewing, report writing and crime scene management. Begins with an historical overview of criminal investigation and examines specific methods of investigation for most felonious offenses. Prerequisite: CJU 101 or instructor's permission. Does not satisfy social science or behavioral science requirement.

CJU 201 - Corrections**Cr. 3 hrs**

Introduces the student to an overview of the correctional system. Begins with an historical review and includes an analysis of contemporary correctional systems. Includes sentencing, probation and parole, incarceration, prison issues, and community corrections. Prerequisite: CJU 101 or instructor's permission. Does not satisfy social science or behavioral science requirement.

CJU 202 - American Policing**Cr. 3 hrs**

A review and analysis of contemporary methods of policing and current issues and problems associated with law enforcement at all levels of government. Subjects will include: community policing, police ethics, police supervision, specialized policing, and job testing and interviewing. Prerequisite: CJU 101 or instructor's permission. Does not satisfy social science or behavioral science requirement.

DIVISION OF STUDENT ASSISTANCE

RDG 111 - Ex Libris Developmental/Analytical Reading**Cr. 1 hr**

A course in reading improvement, including basic and advanced methods for textbooks. All reading techniques and skills are developed to achieve flexibility, efficiency, and speed. Particular emphasis is placed on reading for critical evaluation. Grade: S or U for transcript, not included in GPA. Extra fee.

RDG 199 - Ex Libris ACT/SAT Review.**Cr. 0 hr**

A course for students who will be taking the Scholastic Aptitude Test or the American College Test who feel motivated to enter a program designed to gain facility and practice in taking such testing processes. Covers verbal areas of synonyms, antonyms, analogies, vocabulary, syntax, and grammar as well as reading in social sciences and natural science. A complete series of problems in mathematics, including algebra and geometry. Grade: S or U for transcript, not included in GPA. Extra fee.

DIVISION OF HEALTH, PHYSICAL EDUCATION AND RECREATION

Physical Education Activity Courses.

Cr. 1 hr each

Stresses individual sports with carry-over value for a lifetime.

No.	Course	No.	Course
100	Racquet Sports	150	Ballroom Dancing
101	Basic Fitness	151	Country Western Dancing
102	Weight Training	189	Hydro-Aerobics
103	Jogging	190	Beginning Horsemanship
105	Beginning Golf	197	Fencing
106	Beginning Tennis	198	Physical Fitness
107	Beginning Swimming		
112	Nautilus Training	202	Kayaking
117	Beginning Judo	205	Advanced Rescue
118	Beginning Karate	210	Backpacking
119	Cycling	211	Advanced Golf
121	Bowling	213	Advanced Tennis
122	Archery	217	Advanced Judo
		218	Advanced Karate
		212	Advanced Swim/Life Guard

PROFESSIONAL PREPARATION OF PHYSICAL EDUCATION AND RECREATION OFFERINGS

Designed for the prospective Physical Education/Recreation major or minor.

PHE 229 - Fundamentals of Athletic Training.

Cr. 3 hrs

Covers the diagnosis and treatment of athletic injuries with training techniques and uses of support materials to prevent athletic injuries, the diagnosis and treatment of these injuries, stressing use of supporting apparatus, hydrotherapy, physiotherapy, bandaging, and massage.

PHE 232 - Introduction to Recreation.

Cr. 3 hrs

Gives the fundamentals involved in the development of the field of recreation, designed to provide students with a knowledge of Federal, State, and local recreation programs and practices in the activities included.

PHE 234 - Water Safety Instruction.**Cr. 3 hrs**

Gives the student the skills and knowledge necessary to teach Red Cross Swimming and Water Safety courses. Students who satisfactorily complete the course are certified as Red Cross Water Safety Instructors. The course credit includes one hour activity PE, plus two hours academic credit. All students must satisfactorily pass prerequisite water test. Satisfies one hour for PE activity.

PHE 237 - Skin and Scuba Diving.**Cr. 3 hrs**

Course work includes both water skills and academic knowledge that will enable the student to handle himself and his equipment in a manner that is safe for the diver and those who dive with him. Prerequisite: WSI qualification. Satisfies one hour for PE activity.

PHE 264 - Foundations in Physical Education.**Cr. 3 hrs**

Provides a broad overview of the value of physical education. Topics discussed are career opportunities, methods and evaluations of the physical education program, including history, aims and objectives.

MILITARY SCIENCE**MIL 111-112-Military Science I.****Cr. 1-1 hr**

Introduction to the organization and mission of the U.S. Army, first aid, map reading, communication, customs and courtesies of the service.

MIL 221-222 - Military Science II.**Cr. 2-2 hrs**

Leadership, small unit tactics, history of the U.S. Army, military instruction, and the threat.

MIL 131-132 - Military Science III.**Cr. 3-3 hrs**

Leadership; methods of instruction, map reading, small unit tactics, and communications.

MIL 241 - Military Science IV.**Cr. 2 hrs**

Ethics and professionalism, task force tactics, training management, threat army, drill, and ceremonies.

MIL 242 - Military Science IV.**Cr. 2 hrs**

Written and oral communication, military justice and international law, command and staff functions, professional knowledge, drill, and ceremonies.

HIS 110 - American Military History.**Cr. 2 hrs**

This course may be taken in lieu of one of the following courses: MIL 111, MIL 112, MIL 221, or MIL 222. See description listed under History.

HIGH SCHOOL COURSES

DIVISION OF HUMANITIES

English

ENG 001-003 English as a Second Language **Cr. 1/2 - 1/2 unit**
(ESL) Grammar/Oral Expression, and Composition

An intensive summer course in listening, reading, speaking and writing in English for international students. Multiple class sessions daily feature drills and practical study in grammar, composition, and oral English.

ENG 011 - English 1A. **Cr. 1/2 unit**

Improves and develops the student's skills in reading, writing, listening, speaking and critical thinking through the study of the language and its structure, composition, and literature. Includes the study of vocabulary, spelling, grammar, and composition in addition to reading from the literature book and two outside readings. Emphasizes the expression of ideas through oral discussion and writing.

ENG 012 - English 1B. **Cr. 1/2 unit**

A continuation of English 1A. Improves and develops the student skills in reading, writing, listening, speaking, and critical thinking through the study of the language and its structure, composition, and literature. Includes the study of vocabulary, spelling, grammar, and composition in addition to readings from the literature book and two outside readings. Emphasizes the expression of ideas through oral discussion and writing.

ENG 021 - English 2A. **Cr. 1/2 unit**

The first half of an integrated program with emphasis on specific writing assignments and development of communication skills; vocabulary development; extensive writing practice.

ENG 022 - English 2B. **Cr. 1/2 unit**

A continuation of English 2A with emphasis on thematic approach to literature; critical writing; continued writing practice.

ENG 031 - English 3A. **Cr. 1/2 unit**

The first half of an integrated program with specific emphasis on the development of the whole composition; library work; American literature; vocabulary development.

ENG 032 - English 3B. **Cr. 1/2 unit**

A continuation of English 3A with emphasis on American literary heritage and critical analysis of literary works; continued writing practice.

ENG 041 - English 4A.**Cr. 1/2 unit**

The first half of an integrated program with specific emphasis on English literature, language and logic; preparation for college entrance exams; refinement of writing skills through extensive writing practice; documented library paper; vocabulary development.

ENG 042 - English 4B.**Cr. 1/2 unit**

A continuation of English 4A with specific emphasis on English literature; a critical paper; continued writing practice.

ENG 099 - English Trailer.**Cr. 1/2 unit**

Designed as an ungraded course of makeup for students who are lacking a semester of high school English. A student may take this course only twice.

ENG 025 - Myths and Folktales of the World**Cr. 1/2 unit**

A high school elective. A study of selected myths and folktales of the world, with a concentration on the mythology of Greece and Rome. Does not satisfy either an English or a Communication requirement.

COM 031 - Speech.**Cr. 1/2 unit**

Concentrates on the basic principles of speech; practical speech activities and group discussion.

COM 032 - Journalism/Mass Media.**Cr. 1/2 unit**

Students will study in history, operation, and impact of various forms of mass media and popular culture: newspapers, magazines, radio, television, motion pictures, and advertising. They will consider ethical and legal aspects of popular communication.

COM 041 - Business Communication.**Cr. 1/2 unit**

Theory and practice of writing in technical fields. Emphasis on efficient writing processes and effective written products, including correspondence, resumes, and reports. Students successfully completing this course may not enroll in BUS 041.

COM 048/049 - Practicum in Yearbook Production.**Cr. 1/4 unit**

A workshop devoted to producing the school annual, *The Bronco*. May be repeated for a total of 1/2 unit. Prerequisite: permission of the instructor.

COM 046/047 - Television Production Internship.**Cr. 1/4-1/2 unit**

An introduction to the theories and practices of television production, including substantial hands-on experience. May be repeated up to a total of 1/2 unit. Prerequisite: Instructor's permission.

RDG 052-053 - Reading/Study Skills.**Cr. 1/4-1/4 unit**

Required for students whose placement test scores fall below two grade levels. One or two semesters, depending on progress; stress on basic reading skills; emphasis on study methods.

Modern Languages

For credit in high school foreign language courses offered at NMMI, cadets may substitute departmental challenge exams with scores of "C" or higher, or they may substitute Foreign Language Subject Matter CLEP Tests (Level 1 with a mean scale score of "C" or higher for foreign language years 1 and 2 - and Level 2 with a mean scale score of "C" or higher for foreign language years 3 and 4.) Those successfully completing a departmental challenge or the appropriate CLEP test will be awarded a grade of "P." Such credit will not affect grade point averages nor will it satisfy minimum course load requirements. High school foreign students may transfer their secondary level native language courses and be awarded up to 2.0 units of high school foreign language credit.

Language Laboratory:

Each student in high school levels 011-012 will have one period in the language laboratory each week. A lab fee will be charged.

GER 011-012 - German 1A and 1B.**Cr. 1/2-1/2 unit**

Stresses the acquisition of basic skills; listening, speaking, reading, and writing. The essentials of grammar are explained and practiced.

GER 021-022 - German 2A and 2B.**Cr. 1/2-1/2 unit**

Continues the study of grammar and basic skills. Introduces the development of skill in composition and conversation.

GER 031-032 - German 3A and 3B.**Cr. 1/2-1/2 unit**

Stresses advanced reading and composition. Readings by authors in German serve as a basis for the study of culture and conversation.

GER 041-042 - German 4A and 4B.**Cr. 1/2-1/2 unit**

Reading and discussion courses. Current events, geography, history, and German literature serve as the basis for discussion. Oral and written reports are required. Grammar is reviewed as necessary.

SPN 011-012 - Spanish 1A and 1B.**Cr. 1/2-1/2 unit**

Stresses the acquisition of basic skills; listening, speaking, reading, and writing. The essentials of grammar are explained and practiced.

SPN 021-022 - Spanish 2A and 2B.**Cr. 1/2-1/2 unit**

Continues the study of grammar and basic skills. Introduces the development of skill in composition and conversation.

SPN 031-032 - Spanish 3A and 3B.**Cr. 1/2-1/2 unit**

Stresses advanced reading and composition. Short stories by Spanish and Spanish-American authors serve as a basis for the study of culture and conversation.

SPN 041-042 - Spanish 4A and 4B.**Cr. 1/2-1/2 unit**

Reading and discussion courses. Spanish and Spanish-American literature serve as the basis for discussion. Oral and written reports are required. Grammar questions are addressed when necessary.

FRN 011-012 - French 1A and 1B.**Cr. 1/2-1/2 unit**

Stresses the acquisition of basic skills; listening, speaking, reading, and writing. The essentials of grammar are explained and practiced.

FRN 021-022 - French 2A and 2B.**Cr. 1/2-1/2 unit**

Continues the study of grammar and basic skills. Introduces the development of skill in composition and conversation.

Art**ART 011 - Art 1A.****Cr. 1/2 unit**

Introduction to two-dimensional art: drawing, painting, design, lettering, and printmaking. No prerequisite. Course is offered each semester.

ART 012 - Art 1B.**Cr. 1/2 unit**

Projects in three-dimensional design: paper sculpture, architectural model construction. Individual projects in final four weeks. Prerequisite: ART 011 or permission of the instructor. Course is offered in Spring semester only.

ART 021 - Art 2A. Art Appreciation.**Cr. 1/2 unit**

Chronological survey of the painting, architecture and sculpture of major Western civilizations from cave paintings through medieval period.

ART 022 - Art 2B. Art Appreciation.**Cr. 1/2 unit**

Introduction to major stylistic developments in the visual arts from the Renaissance to the present.

Music

MUS 011-012, 021-022, 031-032, 041-042 - Band. Cr. 1/4 unit per semester

Designed to provide a marching and concert band performance experience. The marching band aspect begins in August and continues until the football season is completed. Emphasis on performance in a concert setting begins in November and continues through the remainder of the academic year. Admission is gained through audition or invitation of the Director of Music.

MUS 013-014, 023-024, 033-034, 043-044 - Stage Band. Cr. 1/4 unit per semester

Open to all qualified students who are interested in jazz, popular, and "big band" music. Admission is gained by audition or invitation of the Director of Music.

MUS 015-016, 025-026, 035-036, 045-046 - Choir. Cr. 1/4 unit per semester

Open to all students who are interested in singing and performing vocal music of numerous periods and styles.

MUS 017-018, 027-028, 037-038, 047-048 - Chapel Choir. Cr. 1/4 unit per semester

Open to all students who are interested in singing and performing sacred music.

MUS 010 - Applied Music Lessons. Cr. 1/4 unit per semester

Provides private music instruction on piano, voice, and band instruments. It includes one-half hour lesson per week. Prerequisite: Permission of instructor.

MUS 091-092, 093-094, 095-096, 097-098 - Small Ensemble. Cr. 1/4 unit per semester

Provides a small ensemble performance experience as well as an expansion of instrumental and vocal techniques, Prerequisite: Permission of instructor.

DIVISION OF MATHEMATICS AND NATURAL SCIENCES

Biology

BIO 021-022 - Biology Cr. 1/2-1/2 unit

Involves a study of plants and animals. Stresses the nature of scientific data. Laboratory work uses the metric system, the compound microscope, dissection of plants and animals, student investigations and teacher demonstrations. Lab fee required.

Physics

PHY 031-032 - Physics.

Cr. 1/2-1/2 unit

Introduces the fundamental physical concepts of time, space, and matter; the development of the wave nature of light; the study of the dynamics of motion and electricity in a year sequence course. Includes demonstrations and outside reference readings. Lab fee required. Prerequisite: MTH 021-022 MTH 033-034.

ESC 031-032 - Earth Science.

Cr. 1/2-1/2 unit

Involves a study of physical processes of the earth and universe in a year's course. The Fall semester is a survey of astronomy, meteorology, and oceanography. The Spring semester is a survey of geology with extensive laboratory work in geologic processes. Lab fee required.

Chemistry

CHM 031-032 - Chemistry.

Cr. 1/2-1/2 unit

Helps the student see how chemical principles are developed from experimental observations and data. Concepts are first introduced in simplest terms and slowly developed until the student can deal with their quantitative aspects. Because of its scope and in-depth development of concepts, the course is ideally designed for college preparatory students and is a year sequence course. Lab fee required. Prerequisite: MTH 021-022 with a minimum grade of "C."

Mathematics

MTH 015-016 - Pre-Algebra A and B.

Cr. 1/2-1/2 elective unit

Covers operations on whole numbers, decimals, fractions, signed numbers; percents; ratios; word-problems; perimeter; area; volume; algebraic phrases; exponentials; algebraic equations. For elective credit only.

MTH 017 - Algebra 1/2.

Cr. 1/2 elective unit

An accelerated course which covers in one semester the topics from MTH 015-016. Students who have completed MTH 016 should not enroll in this course. For elective credit only.

MTH 021-022 - Algebra IA and IB.

Cr. 1/2-1/2 unit

Covers letters representing quantities; positive and negative numbers, percentages, word problems, polynomials, rational expressions, factoring, equations, lines, graphing, functions, radical and exponential forms, scientific notation, and the quadratic function.

MTH 033-034 - Algebra IIA and IIB.**Cr. 1/2-1/2 unit**

Reviews first-year algebra. Extends to numerical and literal equations, area, volume, surface area, uniform motion, complex numbers, similar triangles, right triangle trigonometry, applications to science-related problems, variation, graphs. Emphasizes systems of problem solving, concepts, and appropriate skills. Prerequisite: Successful completion of MTH 021-022.

MTH 037-038 - Geometry A and B.**Cr. 1/2-1/2 unit**

Covers geometric forms and patterns in "real life" applications. Extends to observations for inductive reasoning and proofs. Geometric constructions and applications of geometry are introduced prior to proving the mathematics of geometry. This study of geometric building blocks includes area, volume, similarity, the Pythagorean Theorem and logic, with practical applications. Prerequisite: MTH 021-022.

MTH 042 - Trigonometry.**Cr. 1/2 unit**

Considers functions of acute angles; logarithms, solutions of right triangles, graphing of functions, identities, general triangles, applications of trigonometry to algebra. Stresses applied problems. Prerequisite: MTH 033-034.

MTH 043-044 - Geometry-Trigonometry-Algebra III A and B.**Cr. 1/2-1/2 unit**

Continues the development in Algebra I and II. Normal geometric concepts are studied, including column and paragraph proofs. Logarithms are covered extensively with emphasis on the algebra of logarithms. Emphasizes all phases of trigonometry including trigonometric equations, identities, and graphs. Other topics include matrices, determinants, arithmetic and geometric progressions, conic sections, roots of polynomial equations, and curve sketching. Prerequisite: MTH 033-034.

MTH 061 - Calculus A.**Cr. 1/2 unit**

Covers limits, derivatives of algebraic and trigonometric functions, related rates, optimization, curve sketching, anti derivatives, the definite and indefinite integral, area, volumes of revolution, arc length, surface area. Prerequisite: MTH 043-044.

MTH 062 - Calculus B.**Cr. 1/2 unit**

Covers applications of integration, logarithms and exponential functions, inverse trigonometric functions, hyperbolic functions, techniques of integration, infinite series, Power and Taylor series. Prerequisite: Minimum grade of "C" in MTH 061.

MEN 051 - Mechanical Drawing.**Cr. 1/2 unit**

Introduces basic engineering graphical principles and applications. Topics include technical drawing and design, geometrical construction, drawing conventions, free hand sketching, orthographic projection, and descriptive geometry. The student is required to learn AUTOCAD. Does not meet math requirements. Lab fee required. Prerequisite: MTH 023-024 and Computer Literacy.

CSI 051 - Computer Science.**Cr. 1/2 unit**

Introduces programming through the language BASIC. Emphasis is given to structured programs and documentation's. Topics covered include the usual topics as well as single and double subscript arrays, the bubble sort, and a brief introduction to sequential and random access files.

CSI 071 - PASCAL Programming.**Cr. 1/2 unit**

Covers the high level programming language PASCAL. Emphasis is placed on logically structured, well-documented computer programs using algorithms and data structures. Prerequisite: CSI 051 or equivalent experience.

DIVISION OF SOCIAL SCIENCE AND BUSINESS ADMINISTRATION

Social Science**HIS 011-012 - World History.****Cr. 1/2-1/2 unit**

Surveys the economic, social, and political events and trends from ancient times to the seventeenth century. Second semester, seventeenth century to the present time.

HIS 021-022 - United States History.**Cr. 1/2-1/2 unit**

Surveys in depth the political, economic, social, and cultural development of the United States and its role in world affairs from the colonial era to 1865. Second semester, the course surveys United States history from the beginning to Reconstruction to the present.

HIS 031 - History of the Southwest.**Cr. 1/2 unit**

Surveys the political, economic, social and cultural development of the Southwest.

HIS 099A - History of East Asia.**Cr. 1/2 unit**

Surveys the history of China and Japan from the earliest times but with special reference to the period from 1800. Brief references are made to Korea and Vietnam.

HIS 099B - History of Southeast Asia from 1800.**Cr. 1/2 unit**

After a brief survey of Southeast Asian cultural history, the course considers the impact of the West, the path to independence, and the subsequent history of the region. Special reference is made to Singapore and to the other Asian countries.

GVT 031 - American Government.**Cr. 1/2 unit**

Introduces fundamental concepts of federal, state, and city government; political ideals and standards of political morality in our democracy compared to contrasting ideologies.

PSY 041 - Psychology.**Cr. 1/2 unit**

Studies motivation and behavior patterns and the complex influences in our culture. Designed to encourage a scientific examination of human nature.

GEO 021 - Geography and Current History.**Cr. 1/2 unit**

Includes a comprehensive study of the physical, cultural, and political geography of the world today, focusing attention upon areas of conflict on the international scene.

SOC 041 - Sociology.**Cr. 1/2 unit**

Studies the structure and nature of contemporary American society, explains the behavior of humans as group members and includes a familiarization with society's technology, ideology, and social control system.

Business Administration**BUS 021-022 - Typing.****Cr. 1/2-1/2 unit**

Studies the location and manipulation of the keyboard, principle parts of the keyboard and their use, and the study of the business letter, term papers, and other special forms. The Macintosh word processor is used. Lab fee required. Prerequisite for BUS 022: "B" or better in BUS 021.

BUS 031-032 - Accounting.**Cr. 1/2-1/2 unit**

Studies debit and credit as used in the journal and ledger, special journals, worksheets, and financial statements for closing books for a small business, partnership and corporation; bookkeeping principles of budgeting; business law; economics; taxation. A practice set of business papers is required.

BUS 035 - General Business.**Cr. 1/2 unit**

Provides a basic understanding of the functions of business organizations within our economic and social environment; specific emphasis upon the handling of one's personal business affairs; and an individual's relationship to the world of work.

BUS 041 - Technical Communication.**Cr. 1/2 unit**

Theory and practice of business writing emphasizing style, structure, and format in letters, memoranda, resumes, and reports. Students successfully completing this course may not enroll in COM 041.

CSI 017 - Computer Concepts.**Cr. 1/2 unit**

Studies the development of data processing, examination of machine languages, and the writing of simple computer programs. Lab fee required.

ECN 051 - Economics.**Cr. 1/2 unit**

Introduces fundamental economic concepts and the study of the five main divisions: consumption, production, exchange, distribution, and governmental functions.

PHYSICAL EDUCATION

PHE 011-060 - Basic Concepts of Physical Education.**Cr. 1/4 unit each**

Designed for Sixth and Fifth Class cadets, stressing the what, why, and how of physical fitness.

PHE 021 - 099 - Exploring Lifetime Sports.**Cr. 1/4 unit each**

Designed to introduce high school cadets to many individual sports with lifetime carry-over value.

LEADERSHIP EDUCATION

Military training, offered through the Junior ROTC Program, is a cooperative effort contractually agreed to by the United States Army and NMML as a means of providing high school cadets opportunities for leadership development in the interest of national security.

LET 011-012 - Leadership Education 1.**Cr. 1/4-1/4 unit**

Consists of sub-courses in: Introduction to ROTC and the Army; Introduction to Leadership Theory, Drill and Ceremonies, Hygiene and First Aid; Introduction to Maps and Map Reading; Introduction to Techniques of Oral Communications, Marksmanship and Safety, to include the New Mexico Hunter Safety Program; and Introduction to Leadership Development 2.

LET 021-022 - Leadership Education 2.**Cr. 1/4-1/4 unit**

Consists of sub-courses in: Intermediate Leadership, Drill and Ceremonies, Intermediate First Aid, Intermediate Map Reading, Intermediate Techniques of Oral Communications, Intermediate Marksmanship and Safety. The United States Army, People, Places, and Times, Service/ROTC Opportunities, the Role of the Army, and Introduction to Leadership Development 3.

LET 031-032 - Leadership Education 3.**Cr. 1/4-1/4 unit**

Consists of sub-courses in: Development of the Army, Service Opportunities, Applied Marksmanship, Psychology of Leadership, Leadership and Small Unit Leaders' Problems, Seminar in Leadership and Management, Applied Methods of Instructions, Applied Map Reading, Leadership Development, and Drill; and Introduction to Leadership Development 4.

LET 041-042 - Leadership Education 4.**Cr. 1/4-1/4 unit**

Offers sub-courses in: Military Occupational Specialty (MOS) Study, Advanced Methods of Instruction, Staff Functions and Procedures, Army and Its Role in National Development, Review of Advanced Map Reading; and Leadership Development and Drill.

DIVISION OF STUDENT ASSISTANCE**RDG 051 - Ex Libris Developmental/Analytical Reading****Cr. 1/4 unit**

A course in reading improvement, including basic and advanced methods for textbooks. All reading techniques and skills are developed to achieve flexibility, efficiency, and speed. Grade: S or U for transcript, not included in GPA. Extra fee.

RDG 099 - Ex Libris ACT/SAT Review**Cr. 0 unit**

A course for any high school student who will be taking the Preliminary Scholastic Aptitude Test, the Scholastic Aptitude Test, or the American College Test who feels motivated to enter a program designed to gain facility and practice in taking such testing processes. Covers verbal areas of synonyms, antonyms, analogies, vocabulary, syntax, and grammar as well as reading in social science and natural science. A complete series of problems in mathematics, including algebra and geometry. Grade: S or U for transcript, not included in GPA. Extra fee.

ROTC PROGRAM

New Mexico Military Institute offers four years of Army Junior ROTC in the high school and a two-year Basic Course or Advanced Course of Senior ROTC in the college. The curriculum of the college programs is administered by the Military Science Department (MSD) as prescribed by the Department of the Army. Credit for each course of instruction is transferable among the institutions offering Army ROTC. All cadets are required to participate in the ROTC program, in drills, parades, reviews, ceremonies, inspections, and practical training exercises germane to the ROTC program.

In addition to Military Science (MS) courses, requirements for the Army commission include completion of an undergraduate course in each of the following areas: military history, human behavior, written communication, computer literacy, and math reasoning. These have to be taken prior to accessing on active duty at the completion of the four-year degree. Military junior colleges are not required to finish all five of these prior to commissioning. The PMS would prefer that ROTC contract cadets finish all five of these here at NMMI if possible. Should scheduling conflicts arise or academic workload be such that taking one of these will head a cadet toward academic failure, then certainly using the exception allowed for MJC's is in order. Military history and computer literacy courses should definitely be taken at NMMI.

ADVANCED COURSE ARMY ROTC

General: This course at New Mexico Military Institute permits a junior college student to complete all the requirements for a U.S. Army commission and, unique to the Military Junior College (MJC) program, be commissioned in only two years. The program consists of the following major phases:

Basic ROTC Camp: The ROTC Basic Camp is a six-week camp operated by the U.S. Army at Fort Knox, Kentucky, during the summer preceding entrance at NMMI as a college freshman. Applications for attendance must be made to the PMS prior to April 15 to permit adequate time for processing. Attendance at Basic Camp incurs no obligation, but students are strongly encouraged to enroll in the Advanced Course upon arrival at NMMI.

In accordance with Army regulations and with the specific approval of the PMS, it is possible to waive the Basic Camp requirement for participation in the Advanced Course program based on prior accredited ROTC training or for active duty with any of the Armed Forces.

Advanced ROTC Camp: The ROTC Advanced Camp is a six-week camp operated by the U.S. Army at Fort Lewis, Washington. Attendance is scheduled for advanced course cadets during the summer between the student's freshman and sophomore years. Students may also request airborne, air assault, or other Army special courses, to include two/three weeks with an active Army unit for leadership training.

Eligibility: The program is open to all students who meet the following qualifications:

Academics: Have an acceptable score on either the ACT or SAT college entrance exam (ACT composite of 19 and above and/or SAT total of 850 and above) and be a high school graduate with a minimum GPA of 2.00 on the 4.0 scale or equivalent (C average).

Age: More than 18 years and able to complete the program before reaching age 28.

Physical: Pass a standard Army or service academy physical examination.

Loyalty: Be an American citizen and pass a National Security Agency check.

Obligation: A cadet who desires to pursue a U.S. Army commission is required to sign a contract which guarantees the student a commission in the Army Reserve, provided he or she satisfactorily completes the prescribed course of ROTC instruction. In turn, the student agrees to serve on active duty as a commissioned officer for four years plus four years with the Army Reserve. The student may also request the option of only three to six months of active duty and the remainder of the eight years with a reserve component. A student does not incur any type of obligation by attending the basic camp, but may make the decision to contract for the ROTC advanced course program before leaving camp or when the student begins the Fall semester at NMMI.

Monetary Considerations: A contract student receives the following allowances: (Current dollar values are available from the NMMI Military Science Department).

Subsistence: \$100 per month while enrolled in college during the cadet's freshman and sophomore years at NMMI (nine-month school year). Ten months/year 20 month total.

Uniform Commutation: Approximately \$950.

Basic Camp: Transportation is provided or travel expenses are reimbursed; food, clothing, and housing are provided, and the student is paid approximately \$600 for the six-week camp.

Advanced Camp: Transportation is provided or travel expenses are reimbursed; food, clothing, and housing are provided, and the student is paid at the same rate (Approximately \$650) as a cadet at the U.S. Military Academy for the six-week period of camp.

Simultaneous Membership Program (SMP): Cadets who are members of the National Guard or Army Reserve may be eligible for cadet status in pay grade E5 with the National Guard or Army Reserve while in the Advanced Course. These cadets attend monthly drills with their units or another unit at a time that does not interfere with Advanced Camp.

Commissioning options: Upon completion of MSIII and MSIV instruction (end of sophomore year), cadets will receive their commissions as second lieutenants in the U.S. Army Reserve. They are then deferred up to three years to obtain their baccalaureate degree. During these three years they affiliate with National Guard or Army Reserve units as second lieutenants (earning approximately \$3000 per year). They may apply for active duty when they receive their baccalaureate degree.

Baccalaureate Degree: Upon receipt of the baccalaureate degree, a reserve officer from the MJC program may go on active duty for four years or request duty for training (three to six months) and subsequent reserve force duty. They may also apply for an educational delay to attend graduate school.

Regular Army Commission: Advance ROTC cadets in the upper half of their academic class and in the upper third of their military class, possessing the required outstanding traits of leadership, character, and general military aptitude, may be designated a Distinguished Military Student (DMS). If they retain their rating until obtaining a baccalaureate degree, they must be designated a Distinguished Military Graduate (DMG). DMGs are eligible to apply for commissioning as second lieutenants in the regular Army rather than the Army Reserve.

ARMY ROTC BASIC COURSE

College students not qualified for participation or who elect not to contract in the advanced course program (MSIII, MSIV) will be enrolled in the non-contract ROTC Basic Course (MSI, MSII). This program prepares students for advanced ROTC participation in their final two years of college. Army three- and four-year scholarship winners follow the basic course into the advanced course program. They take MSI and MSII at NMMI and MSIII and MSIV at a college of their choice. These cadets participate at NMMI in classroom instruction and practical field training exercises. Participants in the USMC platoon leaders course also take the basic course program at NMMI. There is no military obligation incurred by taking the basic course.

JUNIOR ROTC (High School)

All high school cadets participate in the Junior ROTC program. Junior ROTC consists of leadership education courses 1 through 4 which coincide with the year the high school cadet enters the program and not the year the student is in high school.

SERVICE ACADEMIES

The above programs may be taken by Service academy aspirants while at the same time continuing Service academy applications. The Army may release non-scholarship contract students from the ROTC program to enter any Service academy. Senior ROTC cadets (college) are also eligible for nomination to the U.S. Military Academy without regard to quotas. High school cadets at NMMI are eligible to compete for Honor Military School nominations to the principle Service academies.

ARMY ROTC SCHOLARSHIPS

The U.S. Army has authorized the PMS to process two, three, and four-year Army ROTC scholarships. Students may also compete at the basic camp for two-year scholarships for use at MJs only.

Four-year scholarship winners (except engineering and nursing) may use the first two years of their scholarship at NMMI and then transfer their last two years to a four-year school with Army ROTC. This allows them to get exposure to both the disciplined military environment of a military junior college and the more permissive environment of a four-year school while concentrating on their academic major. Competition for basic camp two-year scholarships is based not only on the candidate's prior academic and activity record, as are other scholarships, but is also based on performance at the basic camp. Additionally, NMMI has ten dedicated military junior college two-year ROTC scholarships that will be awarded to incoming college cadets by the Professor of Military Science. These ten scholarships are based upon prior academic activity records and do not require attendance at basic camp if the candidate has had three or more years in Junior ROTC. All qualified cadets may compete on an equal basis for the MJC two-year scholarships. The scholarships provide for the payment of all tuition, books, fixed school laboratory fees, as well as \$100 per month for the scholarship period. Those students who do not win a four- or three-year scholarship often do very well and win a two-year scholarship for use at an MJC.

ATHLETICS

NMMI is aware that physical fitness builds minds as well as bodies. Therefore participation either through education classes, intramural sports, or other sponsored sports is required of all cadets each semester of attendance at NMMI.

Physical Education offers the following activities: tennis, golf, bowling, dance, body building, racquetball, swimming, kayaking, backpacking, and skin and scuba diving. Instruction in senior lifesaving and water safety is also available.

INTRAMURALS

Intramural athletics is a required afternoon program for all cadets. Cadets who participate in seasonal organized sports are excused from intramurals for the duration of the seasonal sport.

VARSITY ATHLETICS

New Mexico Military Institute participates in varsity sports in both the high school and junior college divisions. As members of the National Junior College Athletic Association, the junior college teams compete with other colleges in football, basketball, track, golf, tennis and baseball.

The high school varsity teams are members of the New Mexico Activities Association and participate at the AAA level of competition. Varsity teams are sponsored in the areas of football, basketball, track, soccer, volleyball, swimming, golf, tennis, baseball, wrestling, and rodeo.

FINANCIAL CHARGES AND PAYMENT POLICY

1. Each cadet is assigned two financial accounts as follows:

- a.) **Tuition and Fees** - Tuition, fixed fees, room, board, and laundry (limited to specific number of items each trip) are charged each semester. A yearly charge is made in the first semester for cadet accident insurance. **THE ACCIDENT POLICY IS A MANDATORY PLAN FOR ALL STUDENTS.** In addition, **PROOF OF MEDICAL INSURANCE IS REQUIRED FOR ALL CADETS.** If such proof is not received by August 31, for the Fall Semester and January 31 for the Spring Semester, you will be charged for the yearly NMMI Cadet Health Insurance in addition to the mandatory Accident Insurance. Both policies are low-cost plans which are not intended to cover all costs.

- b.) **Cadet Account** - The Cadet Account is intended to be used to meet day-to-day expenses (personal hygiene items and school supplies) and uniform costs. Charges to the cadet account are made by using charge slips issued at matriculation. The following are Authorized On-Campus Uses:

- Uniform purchases
- Books and supplies
- Lab fees
- Barracks breakage
- Personal items purchased at the Cadet Store
- Military property shortage
- Diploma
- Dry cleaning
- Excess laundry charges
- Infirmiry prescription charges
- Library losses and fines
- State textbook losses

c.) Please note that these items may be charged only if the Cadet Account balance is adequate. For those students depending on Financial Aid and/or Scholarships for funding, a limit will be established for spending based on each student's individual award letter. Charges above the limit will not be allowed.

d.) A monthly statement itemizing all purchases will be forwarded to the parent (copy to cadet) before the tenth of the following month.

e.) A minimum balance of \$50 is required at all times. You may maintain as large a balance as you desire. Parents who desire may request their cadet to be placed on a "Necessities Only" program. This limits purchases by the cadet to items that are necessary for personal hygiene, school supplies, and uniform items. CASH WITHDRAWALS FROM THE CADET ACCOUNT ARE NOT PERMITTED.

f.) Those uses of the Cadet Account which are NOT ALLOWED are listed below with a recommended means of payment.

Cash withdrawal - Personal checks will be cashed in the Cadet Store

Student activity costs - personal check or cash accepted

Travel expenses - must be arranged by parent and student

Rodeo-Cavalry charges - semester payment must accompany rodeo agreement

Dances - personal check or cash

Doctor-dentist charges - must be arranged by parent and student

Driver's training - personal check at course registration

Ex Libris course fee - payment must accompany course registration

Golf Course charges - personal check or cash

ACT-SAT- personal check or cash

Photographs - personal check or cash

Long distance telephone - place all calls "collect" or use "Calling Cards," unless utilizing personal phone.

g.) It will be left to the parent and student to determine a suitable method to meet these expenses. Alternatives include local bank accounts, maintaining hometown bank accounts, automatic teller machines (one is located at Hinkle Hall - more information concerning the ATM and a special account is available upon request), mailing check directly to cadets, etc. Money orders may be purchased from the Cashier in the Business Office. The First National Bank of Chaves County, 1901 N. Main (across from Dairy Queen), is considered an On-Campus Bank and is therefore readily available for any banking needs.

2. **Payment Plan** - There are two plans for paying tuition and fees. The cadet account may not be deferred. Payments should be made payable to NMMI. Please write the cadet's name and cadet number in a legible manner on the face of your check. Wire transfers may be sent to United New Mexico Bank in Roswell, NM, 88201, Account #3255.

a.) **CASH PLAN:** You pay total tuition and fee charges prior to or at matriculation. This includes all the Tuition and Fee costs plus an amount necessary for the purchase of uniforms and school supplies.

b.) DEFERRED PAYMENT PLAN: A fee is charged for this service. Under this plan, a deposit is required for Tuition and Fees as well as the amount needed for uniforms and school supplies. This initial payment is followed by monthly payments.

3. **VISA/MC** - The Business Office, Cadet Store, and Golf Shop will accept VISA/MC credit cards. VISA/MC will be accepted for total or partial payment of Tuition and Fees and Cadet Account deposits. The Cadet Store and Golf Shop will accept the cards for purchases. Cash advances are not available. American Express is now also available.

4. **Financial Responsibility** - At the end of any semester, any student whose accounts have not been paid in full will not be eligible to re-enroll for the subsequent semester. NMMI RESERVES THE RIGHT TO CANCEL THE REGISTRATION OF ANY STUDENT WHO FAILS TO PAY, WHEN DUE ANY INDEBTEDNESS. CREDITS, TRANSCRIPTS, AND DIPLOMAS WILL BE WITHHELD UNTIL ALL FINANCIAL OBLIGATIONS ARE MET.

5. **Scholarship Policy**

a.) All recipients are required to make formal application for scholarship consideration annually. This includes recipients of scholarships with an annual renewal provision in the criteria. All applications should be directed to the Chairperson Scholarship Committee.

b.) Institutional scholarships will be credited to the recipient's tuition account on Friday of the third week of classes. Cadets who have withdrawn from NMMI for any reason prior to Friday of the third week of classes will not receive scholarship funds. If a student withdraws from school for any reason during the first semester, he/she is not entitled to the scholarship if he/she is re-enrolled during the same academic year.

c.) ROTC scholarships are administered under policies provided by the US Army and will be credited to recipients accounts upon receipt.

6. **Refund Policy**

a.) Should a cadet withdraw or be dismissed, the semester tuition and fee charges (other than matriculation and fees imposed as a penalty) will be refunded as follows:

1st five class days	100%
Next ten class days	50%
Next five class days	75%
Next ten class days	25%

b.) There will be no refund for the semester room charge after the first day of classes. Semester board and laundry charges will be pro-rated on a weekly basis. The insurance fee is non-refundable. No refund will be made for uniform items which have been altered, laundry marked or worn. Balances remaining in the Cadet Account will be refunded in full provided a balance is not due for tuition and fees.

c.) **Please allow four (4) to six (6) weeks to process your account.**

THE BOARD OF REGENTS

Theodore M. Sahd, President...Albuquerque
 Ralph M. Nix, Jr., Vice-President...Artesia
 Steven M. Spencer, Secretary/Treasurer...Santa Fe
 Mary Irene Stevens, Member...Santa Fe
 Robert G. Armstrong, Member...Roswell

OFFICERS OF THE INSTITUTE

(Year) indicates beginning of Institute service.

ADMINISTRATION

- Winfield W. Scott, Jr., Lieutenant General, USAF Ret. (1990).....Superintendent
 B.S., United States Military Academy
 M.A., The Catholic University of America
 Armed Forces Staff College
 Naval War College
- William E. Gibbs, Colonel, NMMI (1976).....Deputy Superintendent for Academics;
 A.B., Ohio State University
 M.A., Marshall University
 Ph.D., Kent State University
Academic Dean
- Seth R. Orell, Lieutenant Colonel, USA Ret. (1989)....Deputy Superintendent for Leadership;
 A.A., New Mexico Military Institute
 B.B.A., Southern Methodist University
 M.B.A., Syracuse University
 USA Command and General Staff College
Commandant of Cadet
- Judy A. Collins, Colonel, NMMI (1980).....Deputy Superintendent for Business Affairs
 B.B.A., Eastern New Mexico University
 M.B.A., Eastern New Mexico University
- Patrick H. Orell, Lieutenant Colonel, USA Ret. (1989).....Chief of Staff
 A.A., New Mexico Military Institute
 B.A., Eastern New Mexico University
 M.S., University of Wisconsin
 USA Command and General Staff College
- Velton R. Chancey, Colonel, NMMI (1978).....Director of Physical Plant
 B.B.A., Eastern New Mexico University

- Charla Featherstone, Colonel, NMMI (1978).....Associate Dean/
B.S., Texas Christian University High School Principal
M.Ed., Eastern New Mexico University
- Bruce C. Landis, Lieutenant Colonel, NMMI, (1994).....Director of Development
B.A., Earlham College
M.S., Indiana University
Ed.D., Indiana University
- James H. Matchin, Colonel, NMMI (1976).....Director of Admissions
A.A., New Mexico Military Institute
B.A., New Mexico State University
- Will Orndorff, NMMI (1994).....Executive Director, NMMI Foundation
B.B.A., University of Texas, El Paso
- Robert E. Shea, Lieutenant Colonel, NMMI (1975).....Registrar
B.A., College of the Holy Cross
M.Ed., University of Maryland
- Richard C. Stecklein, Colonel, NMMI (1973).....Director of Athletics
B.A., Southern Colorado University
M.A., Fort Hays State University
- Gary M. Wilson, Lieutenant Colonel, USA (1993).....Professor of Military Science
B.S., Texas Tech
M.A., University of Texas El Paso
Armed Forces Staff College

FACULTY

- Manual L. Acosta, Major, NMMI (1985).....Assistant Professor of Spanish
B.A., M.Ed., Eastern New Mexico University
- Wendell H. Afsprung, Colonel, NMMI (1974).....Professor of English
B.A., University of Cincinnati Chairman, Department of English
M.A., Ph.D., Washington University
- Rodney D. Adair, Major, USA (1993).....Assistant Professor
B.S., Eastern New Mexico University of Military Science
M.S., Campbell University
- David G. Alexander, Sergeant First Class, USA Ret. (1989).....Instructor of JROTC
- Theodore H. Alley, Master Sergeant, USA Ret. (1985).....Instructor of JROTC

- Mary Beth Atwood, Captain, NMMI (1994).....Instructor of Biology,
B.S., New Mexico State University Earth Science
M.S., New Mexico State University
- Leanne V. Bratland, Major, NMMI (1994)Assistant Professor of Languages
B.A., Jamestown College
M.A., Eastern New Mexico University
- J. Dwight Burns, Major, NMMI (1978) (1984).....Bronco Football Coach;
B.A., Angelo State University College Tennis Coach
- Nancy M. Burrola, Major, NMMI (1987).....Coordinator, College Advising
B.A., New Mexico State University Assistant Professor/SAC
M.A., University of New Mexico
- Paul Burrows, Captain, NMMI (1992).....Instructor of Mathematics,
B.S., M.Ed., Eastern New Mexico University Assistant Football Coach
- John Camp, Major, NMMI (1988).....Assistant Professor of English
B.A., B.B.A., M.A., Southern Methodist University
- Connie G. Campos, Major, NMMI (1988).....Assistant Professor of Computer Sciences;
B.A., M.Ed., Eastern New Mexico University Coach
- Phillip M. Carlson, Lieutenant Colonel, NMMI (1971).....Associate Professor
B.S., California State College of Pennsylvania of Foreign Language
M.A., Millersville State College
- William P. Carroll, Major, USA Ret. (1983).....Assistant Professor
B.A., San Francisco State University of Mathematics
M.B.A., Eastern New Mexico University
- Dorothy S. Carter, Major, NMMI (1986).....Advisor/Assistant Professor, SAC
B.A., M.A., Texas Tech University
- Terry L. Cleveland, Colonel, NMMI (1973).....Professor of Mathematics; Chairman,
B.A., Fort Hays State University Division of Natural Sciences
M.A., University of Missouri and Mathematics
D.A., University of Northern Colorado
- Christopher A. Cortez, Major, USA (1989).....Adjunct Instructor of History
A.A., College of the Canyons
B.A., California State University, Northridge
USA Command and General Staff College

- Cathryn E. Crompton, Major, USA (1993).....Assistant Professor
B.A., Williams Woods College of Military Science
- C. Porter Cutrell, Captain, NMMI (1990).....Assistant Coach Basketball/Soccer
B.S., M.S., Eastern New Mexico University Chairman, Department of HPER
